ARMENIAN AMERICAN CHILD ARMN 440

When: Wednesdays 4:00 pm - 6:45 pm
Where: SH 221

Prof. Hasmig Baran

Study of the development of the Armenian child with particular emphasis on bicultural and bilingual issues that may influence educational progress. Culturally relevant socialization patterns of children from Armenia and the Armenian diaspora are examined. Intended for prospective teachers and students interested in human services.

Available for Section A of the multicultural requirement for credential candidates
