 - **Take advantage of this scholarship, get started this summer and finish ahead of your peers.**
- **ASCM San Fernando Valley also offers a \$1,000 cash scholarship based on merit managed by CSUN SOM faculty. Please inquire with the CSUN SOM department.**

- **Supply Chain Planning Certificate**

<https://www.ascm.org/planning-certificate-program/>

The program helps your team develop a common language and knowledge base while exploring how to:

- Trace the flow of planning from business plan to execution
- Interpret and manage the master production schedule
- Interpret and manage the material requirements plan
- Help advance supply and operations planning meetings
- Identify technologies to support synchronous planning
- Create a channel tree design for a distribution system
- Contribute to production activity control activities

- **Supply Chain Procurement Certificate**

<http://ascm.org/procurement-certificate>

Develop a strong foundation in procurement with the ASCM Supply Chain Procurement certificate program. The online platform includes a self-study course with hours of education and a comprehensive final exam covering the following topics:

- Fundamentals of Purchasing
- Sourcing Strategies
- Purchase Order Management and Performance Measurement
- Contract Management and Negotiations
- Sustainability and Ethical Sourcing
- Procurement Evaluation Metrics and Intelligent Supply Chain
