

Department: Chemistry & Biochemistry

Effective Date of Appointment: 2024-2025

CSUN's Commitment to You:

CSUN is committed to achieving excellence through teaching, scholarship, learning and inclusion. Our values include a respect for all people, building partnerships with the community and the encouragement of innovation, experimentation, and creativity. CSUN strives to cultivate a community in which a diverse population can learn and work in an atmosphere of civility and respect. CSUN is especially interested in candidates who make contributions to equity and inclusion in the pursuit of excellence for all members of the university community.

As a Hispanic-serving Institution (HSI), inclusiveness and diversity are integral to CSUN's commitment to excellence in teaching, research, and engagement. As of Fall 2022, CSUN enrolls ~38,000 students, where 57.3% are Latinx, 19.8% are White, 9.2% are Asian-American, 4.9% are Black/African American, 0.1% are Native American, and 0.2% are Native Hawaiian or Pacific Islander.

ANTICIPATED NEEDS:

Note: All part-time faculty appointments are temporary and do not confer academic rank. Final determination of part-time teaching assignments is contingent upon student enrollment figures and funding. In addition to teaching, the position requires weekly office hours, attending faculty meetings, participation in assessment of student learning. The successful candidate will be held to the standards and requirements of the college and department in which he/she/they is/are employed. Given CSUN's commitment to excellence in teaching, research, and engagement in a diverse environment, the successful candidate will help the Department achieve equitable academic outcomes for all students through teaching, student mentorship, and scholarship.

Current Courses or Specialization		Qualifications	Salary Range
CHEM 100 CHEM 100L	Principles of Chemistry	PhD required for lectures. Minimum Master's Degree to teach labs. One year teaching experience at the college level required.	\$5,405-\$6,000 Commensurate with background and experience
CHEM 101 CHEM 101L	General Chemistry I	PhD required for lectures. Minimum Master's Degree to teach labs. One year teaching experience at the college level required.	\$5,405-\$6,000 Commensurate with background and experience
CHEM 102 CHEM 102L	General Chemistry II	PhD required for lectures. Minimum Master's Degree to teach labs. One year teaching experience at the college level required.	\$5,405-\$6,000 Commensurate with background and experience
CHEM 103 CHEM 103L	Introductory Chemistry I	PhD required for lectures. Minimum Master's Degree to teach labs. One year teaching experience at the college level required.	\$5,405-\$6,000 Commensurate with background and experience
CHEM 104 CHEM 104L	Introductory Chemistry II	PhD required for lectures. Minimum Master's Degree to teach labs. One year teaching experience at the college level required.	\$5,405-\$6,000 Commensurate with background and experience
CHEM 107	General Chemistry for Engineers	PhD required for lectures. Minimum Master's Degree to teach labs. One year teaching experience at the college level required.	\$5,405-\$6,000 Commensurate with background and experience
CHEM 235 CHEM 235L	Introduction to Organic Chemistry	PhD required for lectures. Minimum Master's Degree to teach labs. One year teaching experience at the college level required.	\$5,405-\$6,000 Commensurate with background and experience

CHEM 321L	Chemical Analysis I	PhD required for lectures. Minimum Master's Degree to teach labs. One year teaching experience at the college level required.	\$5,405-\$6,000 Commensurate with background and experience
CHEM 333 CHEM 333L	Organic Chemistry I	PhD required for lectures. Minimum Master's Degree to teach labs. One year teaching experience at the college level required.	\$5,405-\$6,000 Commensurate with background and experience
CHEM 334 CHEM 334L	Organic Chemistry II	PhD required for lectures. Minimum Master's Degree to teach labs. One year teaching experience at the college level required.	\$5,405-\$6,000 Commensurate with background and experience
CHEM 351L	Physical Chemistry I	PhD required for lectures. Minimum Master's Degree to teach labs. One year teaching experience at the college level required.	\$5,405-\$6,000 Commensurate with background and experience
CHEM 352L	Physical Chemistry II	PhD required for lectures. Minimum Master's Degree to teach labs. One year teaching experience at the college level required.	\$5,405-\$6,000 Commensurate with background and experience
CHEM 365 CHEM 365L	Introductory Biochemistry	PhD required for lectures. Minimum Master's Degree to teach labs. One year teaching experience at the college level required.	\$5,405-\$6,000 Commensurate with background and experience
CHEM 422L	Chemical Analysis II	PhD required for lectures. Minimum Master's Degree to teach labs. One year teaching experience at the college level required.	\$5,405-\$6,000 Commensurate with background and experience
CHEM 464L	Principles of Biochemistry	PhD required for lectures. Minimum Master's Degree to teach labs. One year teaching experience at the college level required.	\$5,405-\$6,000 Commensurate with background and experience

Application Process:

Applicants must submit a cover letter, statement of teaching philosophy (1 page maximum) and curriculum vitae to the address the section below. In later phases of the search process, applicants may be requested to provide verification of terminal degrees, licenses and certificates.

Application Deadline: March 29, 2024

Inquiries and applications should be addressed to:

Department Chair
Chemistry & Biochemistry Department
chemistry.department@csun.edu

General Information:

In compliance with the Annual Security Report & Fire Safety Report of Campus Security Policy and Campus Crime Statistics Act, California State University, Northridge has made crime-reporting statistics available on-line [here](#). Print copies are available by request from the Department of Police Services, the Office for Faculty Affairs, and the Office of Equity and Diversity.

The person holding this position may be considered a 'mandated reporter' under the California Child Abuse and Neglect Reporting Act and is required to comply with the requirements set forth in [CSU Executive Order 1083](#) as a condition of employment.

A background check (including a criminal records check) must be completed satisfactorily. Failure to satisfactorily complete the background check may affect the status of applicants. In accordance with the California State University (CSU) Out-of-State Employment Policy, the CSU is a state entity whose business operations reside within the State of California and prohibits hiring employees to perform CSU-related work outside of California.

CSUN is an Equal Opportunity Employer and prohibits discrimination on the basis of race, color, ethnicity, religion, national origin, age, gender, gender identity/expression, sexual orientation, genetic information, medical condition, marital status, veteran status, and disability. Our nondiscrimination policy is set forth in [CSU Executive Order 1096](#). Reasonable accommodations will be provided for applicants with disabilities who self-disclose by contacting the Chemistry & Biochemistry Department at (818) 677-3381.
