## COMMUNITY ENGAGEMENT ACTIVITIES

I worked with my church to help with the Thanksgiving food drives during the holiday season. I really enjoy working with people and giving back to my community. I especially like to help people with computers, because I am good at using them. I also am fluent in Spanish and enjoy translating for people and helping people who are learning English with their writing. I also developed leadership skills working as a singing instructor because I organized all the workshops.

## COMMUNITY ENGAGEMENT AWARDS & RECOGNITIONS

- I won a Grammy Award for my singing at the Canoga Park Assisted Living center.
