

DIVERSITY PROGRAM CONSORTIUM
Supported by the National Institutes of Health

2018-2019
Postdoctoral Fellows for BUILD PODER Mentors
Deadline: 5 pm, Monday, October 1, 2018

Two paid postdoctoral fellows available to work with BUILD PODER faculty mentors' research labs full-time. The purpose of the postdoctoral fellow program is to support developing BUILD PODER mentors who have a specific plan to either apply for a first NIH grant or to apply for an advanced NIH mechanism. If a pair of PIs are working collaboratively on proposals, they can apply together for this initiative. This initiative is intended to encourage interdisciplinary collaborations. Should the competition be larger than capacity, the PD (Saetermoe) and future co-PDs will consult with outside experts suggested by researchers who will co-rate proposals based on NIH-based criteria.

Researcher 1: _____

Department: _____

Phone: _____ E-mail: _____

Researcher 2 (optional): _____

Department: _____

Phone: _____ E-mail: _____

I understand that the person(s) named above will receive resources to hire a postdoctoral fellow.

Signature of Dept Chair for Res 1, date

Signature of Dept Chair for Res 2, date

What to send:

- 1) This cover sheet, completed with chair(s) signature
- 2) Current NIH biosketch (See <https://grants.nih.gov/grants/forms/biosketch.htm>)
- 3) 3 page narrative max: Your current and future lab's: (a) Purpose/context/significance, (b) Research questions or hypotheses, method, analytic processes, (c) Roles postdocs will play, (d) Specific proposals and papers that will be worked on with the postdoc, (e) How this postdoctoral fellow will advance your career(s)

Send all materials in one PDF to: buildpoder@csun.edu

Subject line: BUILD PODER Postdoctoral Fellows
