Evaluation of Tenured Faculty (Post-Tenure Review)

Evaluation of Tenured Faculty (Post-tenure Review Committee)

Section 600 of the CSUN Administrative Manual (Section 15.32-34 of the Faculty Bargaining Agreement) governs the procedures for evaluating tenured faculty. The Department of Biology adopts the following specific procedures:

- a. The purpose of post-tenure review is to evaluate tenured faculty for their teaching effectiveness, scholarship, and service. The Post-tenure review is meant to facilitate improvement and document continued growth in the profession.
- b. All tenured faculty in the department (including those participating in early retirement programs) will be evaluated at five year intervals, beginning with the fifth year following attainment of tenure. In cases where the post-tenure review cycle coincides with evaluation for promotion through the Departmental Personnel Committee, the requirement for a separate post-tenure review will be waived.
- c. **Election of the Department Post-tenure Review Committee.** Each academic year a Department Post-tenure Review Committee of at least three members will be chosen by secret electronic ballot from the pool of Full Professors. This ballot will be completed at the same time as the election for the Personnel Committee. Those scheduled for review will not be eligible to serve. The Chairperson of the Department Post-tenure Review Committee will be the member who received the highest numbers of votes in the Committee's election.
- d. During either the fall or spring semester in the academic year of their review, the faculty member to be reviewed will give a departmental research seminar.
- e. Those faculty members scheduled for review will submit their review materials to the chair of the Departmental Post-tenure Review Committee; candidates are strongly encouraged to submit all paperwork as .pdf files. The review materials include:
 - I. An updated curriculum vitae.
 2. Evidence of instructional performance in representative courses taught during the interval between reviews.
 3. Evidence of scholarly activities, including those that involved students.
 4. A list of service-related activities during the interval between reviews.
 5. A statement of professorial philosophy (teaching, research and service); suggested length one-page.
- f. Written Summary

Following the review of these materials, and the PAF, the Committee will produce a written summary of their evaluation that will be provided to the faculty member for comment for a period of 10 days. At the end of this period, the letter may be modified, and a copy provided to the faculty member with the original to be placed in her/his PAF.
