Biology Colloquium – Fall 2017
Friday Oct 13, 2-3pm, CR5125

“Using Synthetic Biology to Design Sustainable Systems”

Dr. June Medford
(Colorado State University)

CSUN and the LA Mycological Society reach out at the LANHM.

Dr. David Bermudes will co-teach a monthly Beginner Mushroom Identification Class for the Los Angeles Mycological Society (LAMS). The class meets the 3rd Monday of

the month from October to May, from 6-7 PM at the Los Angeles Natural History Museum in the Times Mirror Room. The first class is next Monday, October 16. The class is free with a paid membership to LAMS (only \$15 annual fee for students), and museum parking is also provided free of charge.

CSU Grad School Virtual Fair: October 25, 2017

(Event is FREE to attend)

Prospective Graduate Students -- Decide where you would like to go for your graduate degree!

This virtual fair offers a unique opportunity to meet Admission Representatives from California State University Grad Schools without leaving your home or office. Attend the fair online from anywhere!
