

Showcasing Your Community Service for the Bridge to the Future Application

Community service is an important part of the CSUN Bridge to the Future Program (B2F). Students in B2F are expected to complete 20 hours of community service in Canoga Park each semester they are in the program. If you are interested in giving back to your community, B2F is a good fit for you!

In your application for B2F, you need to demonstrate that you have done community service. Some students will already have a history of doing community service. For other students, community service will be a new experience. Below, we outline how you can showcase your background in community service. **Please do not include work experience (i.e., jobs you have had) as a part of your community service.**

For students who have done community service in the past:

- Create a brief Community Service Resumé (see the attached example).
- In this resume, list: names of organizations or projects, dates of community service, description of responsibilities, approximate number of hours, name of supervisor.
- The total number of community service hours you list in your resumé should be at least 20 hours (though you are encouraged to list more). The more community service you list, the stronger this part of your B2F application will be.
- You can include community service completed between 10th and 12th grade only.
- Upload your Community Service Resumé to your Google Sites website.
- Document your community service in your Google Sites website with videos, pictures, certificates, awards, etc.

For students who are new to community service, or want to complete new hours:

- Select an organization(s) within the community of Canoga Park where you will log your hours. B2F may also have some community service projects in which you can participate.
- Expect to log at least 20 hours of service before you submit your B2F application.
- Create a brief Community Service Resumé (see the attached example).
- In this resume, list: names of organizations or projects, dates of community service, description of responsibilities, approximate number of hours, name of supervisor.
- The total number of community service hours you list in your resumé should be at least 20 hours (though you are encouraged to list more). The more community service you list, the stronger this part of your B2F application will be.
