# BUILD PODER

Promoting Opportunities for  
Diversity in Education & Research

---

## Note to Academic Counselor

---

Dear Academic Counselor,

Your student is applying for the NIH BUILD PODER program based out of California State University, Northridge (CSUN). BUILD PODER is a biomedical research training program for undergraduates. We have two community college "pipeline partners" (including your college) where we fund students for one year to do research before they transfer to a university.

All our community college applicants must fill out the attached one-year academic plan to indicate they will be ready to transfer to a university by Fall 2021. Community college applicants must finish ALL coursework by the end of Spring 2021.

Students must be enrolled full time (at least 12 units) each semester during the program's duration. Please sign the plan along with your student and they will upload it inside their application.

Thank you for your time. We appreciate your support of this applicant.

Sincerely,

NIH BUILD PODER at CSUN

For questions or concerns, please contact our Community College Outreach Specialist, Amber Bui at [amber.bui@csun.edu](mailto:amber.bui@csun.edu) or call 818-677-4866
