Date: February 18, 2016

Rick Evans, Executive Director

Title: Policy regarding solicitors and petitioners inside TUC's food service and retail operations

Policy: At no time are petitioners or solicitors permitted to solicit customers or staff inside TUC food service or retail units regardless of the cause, message, or product the petitioners or solicitors may be supporting or opposing. This policy is consistent with the California Trespass statutes (Penal Code 602, et seq.). TUC reserves the right to limit the activities within the boundaries of its commercial enterprise and to refuse service to anyone who violates this policy and to request that such person(s) vacate the unit. This policy is intended to comply with all current United States and California constitutional protections including, but not limited to, freedom of speech, freedom of expression, and other forms of political activity.

Note: TUC follows CSUN's campus policy as it relates to all outdoor areas, including TUC's outdoor seating areas.
