

Student Release Form

Dear Parent/Guardian:

I am a participant this school year in an assessment for teacher candidates. One of the primary purposes of this assessment is to enhance student learning and encourage excellence in teaching.

This project requires:

- samples of student work as evidence of the quality of my teaching practice. These student work samples may include some of your child's work.
- a 15-minute video of a lesson (or lessons) taught in your child's class to be submitted to my teacher preparation program at California State University, Northridge.

Although the video would show both the teacher and various students, the primary focus is on the teacher's instruction, not on the students in the class. In the course of taping, your child may appear in the video.

No student's last name will appear on any materials that are submitted. All materials will be kept confidential. Normally, the only people who view the video and student work samples are the teacher candidate, university supervisors, and the people who score the assessment. In rare cases, these materials may be shared with other teacher educators and student teachers for training purposes.

Please complete and return the attached Teacher Performance Assessment Permission Form to document your permission for these activities.

Sincerely, _____
(Signature of Teacher Candidate)
