

# CSU Northridge, Computer Science Department

## COMPUTER SCIENCE MINOR

### 2020-21 Catalog Requirements

→ denotes a prerequisite

⋮ track options

Placement in courses leading to minor requirements is dependent on high school preparation and current computer programming skills. Consult with an academic advisor for proper placement.

Declare your minor early in your academic plans and remember to include minor during your Graduation Evaluation 2 to 3 semesters prior to planned date of graduation.

Must receive "C-" or better in all courses attempted at CSUN that are required by minor unless otherwise stated; courses marked with (C) require "C" or better; all transfer courses must be "C" or better.
