Campus Safety Plan 2017

Where individuals rise. *Through them WE ALL DO.*

California State University, Northridge prepares this report in compliance with California State Education Code, Chapter 16, of the Donahue Higher Education Act, Section 67380.

California State University, Northridge (also known as CSUN) is a public university located in the Northridge neighborhood of Los Angeles, California, in the San Fernando Valley. The 356-acre campus is home to approximately 41,000 students, including 3,200 residents, as well as 3,900 faculty, staff and administrators. CSUN remains committed to the safety of our campus community, educational and professional goals of its students, as well as its extensive service to the community.

AVAILABILITY, LOCATION, AND METHODS TO SUMMON AW ENFORCEMENT ASSISTANCE

The CSUN Department of Police Services employs twenty eight (28) highly trained, full-time, sworn police officers, seven (7) 911 Public Safety Answering Point Dispatchers, thirty (30) part-time student Community Service Assistants, and an active support staff for the 24-hour protection of the CSUN campus community. The Department is located on the CSUN campus at 9222 Darby Avenue on the southwest corner of Darby Avenue and Prairie Street.

California State University peace officers have state-wide police authority and jurisdiction per Penal Code 830.2 and Education Code 89560, and are vested with law enforcement powers and responsibilities, identical to the local police or sheriff departments in your home community. The University also employs ten (10) contracted security guards for perimeter security of the University Park residential life complex.

The Department of Police Services maintains close working relationships with all local, county, state and federal public safety agencies through partnerships and mutual aid agreements. Memorandums of agreement (MOA) for law enforcement assistance have been established with the Los Angeles Police Department and Los Angeles Sheriff Department.

SPECIAL SAFEGUARDS FOR FACILITIES OR ACTIVITIES

Security of and Access to Campus Facilities

All campus facilities are key-accessed, and most are open daily for scheduled campus community use. Facilities within the University Park Residential Life Complex are controlled via key card access with a secure gated security program operating from 7:00pm to 2:30am seven days a week. Campus key control and distribution is a function of the Physical Plant lock shop, while key access control for the residential complex rests with the Residential Life administrative office. To provide for the security of campus facilities, the University Police enforces Educational Code 89031 & Residential Life housing policies. Campus facility access may be revoked per Penal Code 626.

Security Considerations Used in Maintenance of Campus Facilities

The Department of Physical Plant Management is responsible for security of all campus facilities. Personnel perform daily building lock-up and monitor all maintenance issues in campus lighting, door locks and general environmental safety in conjunction with the Department of Police Services. An annual inspection and survey of campus indoor/outdoor lighting, shrubbery and walkways is conducted, with the Department of Police Services providing security surveys upon request or when a need is observed. The University participates in Crime Prevention through Environmental Design concepts for planning and improvements on campus.

Campus CCTV System

The campus has a closed circuit television (CCTV) system to further enhance the safety and security in public areas of the campus. This technology can detect criminal acts and also deter potential offenders who recognize the elevated risk of apprehension from such as system in that the information they provide is extremely valuable in capturing criminal activity and helping identify suspects.

Emergency Blue Light Call Stations

A 9-1-1 24-hour, button activated, emergency telephone system will put you in contact with emergency personnel for any emergency need. There are 93 call stations located throughout the CSUN campus, including residential housing. Some of the stations are yellow in color. These are TTY call boxes designed for the deaf and hard of hearing community. They are equipped with a small keyboard that enables the caller to type messages directly to University Police Dispatch. The police dispatcher can send a message to the caller by either typing or using a computer to choose pre-selected emergency responses. (The campus Emergency Blue Light Phones Map can be viewed on-line at <http://www.csun.edu/sites/default/files/bluelights.pdf> or on CSUN's mobile app.)

Crime Prevention Programs

Crime Prevention Programs on such topics to include, but not limited to, personal safety, sexual violence awareness and prevention, theft prevention, and workplace violence are sponsored by various campus organizations throughout the year. For additional information regarding preventative programming on campus, see the campus Annual Clery Security Report located on-line at <http://www.csun.edu/sites/default/files/clery-report.pdf>.

Personal Safety Escorts

The Department of Police Services provides night safety escorts to/from campus facilities and activities Monday-Thursday from dusk to 11:00pm through use of its Matador Patrol student community service assistant program. Matador Patrol members are easily recognizable wearing university colored (red, black, white) uniforms and use foot, bicycle, and six-seat electric cart patrols around campus during the aforementioned times. During times the Matador Patrol service is unavailable, University Police are available to assist in providing personal safety escorts. Call dispatch at (818) 677-2111 for safety escort requests or use the Safety Escort button in the CSUN mobile app.

ACTIONS IN THE LAST 18 MONTHS TO INCREASE SAFETY

- Installation of 76 additional CCTV cameras to the campus' analytic video surveillance system.
- Enhanced accessibility to the campus safety escort program through the use of a safety escort option provided via the campus CSUN app.
- Expanded the campus 911 emergency phone system to allow access to 911 services via cellular/mobile devices.

- Increased crime prevention/safety programming in the following areas: cyber safety, personal safety and aerosol defense options, sexual violence awareness & prevention, and alcohol and substance use/abuse within Greek Life.

CHANGES IN SAFETY PRECAUTIONS DURNING THE NEXT 24 MONTHS

- Expansion of the campus analytic CCTV system.
- Enhance the campus 911 emergency phone system to include the text-to-911 option.
- Increase the number of Rape Aggression Defense (RAD) men’s and women’s self-defense course offerings through the established partnership between the Departments of Kinesiology and Police Services.
