

CSUN Faculty-US Fulbright Research Scholar to Finland

Dr. Conrad Ulpindo Returns Home from Helsinki, Finland

Dr. Conrad Ulpindo and veteran educator, administrator of LAUSD and now a CSUN faculty supervisor earned a competitive US Fulbright Research Scholarship to study global classrooms in Finland in January 2021. While in the US, he worked with the International Research and Exchanges of the Department of State's Fulbright Programs to learn about integrating global programs, UN Sustainability Goals, Improving Math, and Science (STEM/STEAM) education, migrant education, teacher preparation programs and integrating international collaboration with the world.

The Fulbright Teachers for Global Classrooms Program is a yearlong professional learning opportunity and short-term exchange for elementary, middle, and high school educators from the United States to develop skills to prepare students for a competitive global economy. Fulbright Teachers for Global Classrooms equips educators to bring an international perspective to their schools through targeted training, experience abroad, and global collaboration.

Dr. Ulpindo completed his international fieldwork research recently and is now home to share his research experiences to school communities across the US and beyond.

Dr. Conrad Ulpindo is welcomed by Fulbright Finland at the Helsinki International Airport on Nov. 1, 2022

US Fulbright Scholars to Finland 2021-2022 taken in the Senate Square and Lutheran Cathedral
