

Halloween during Covid-19

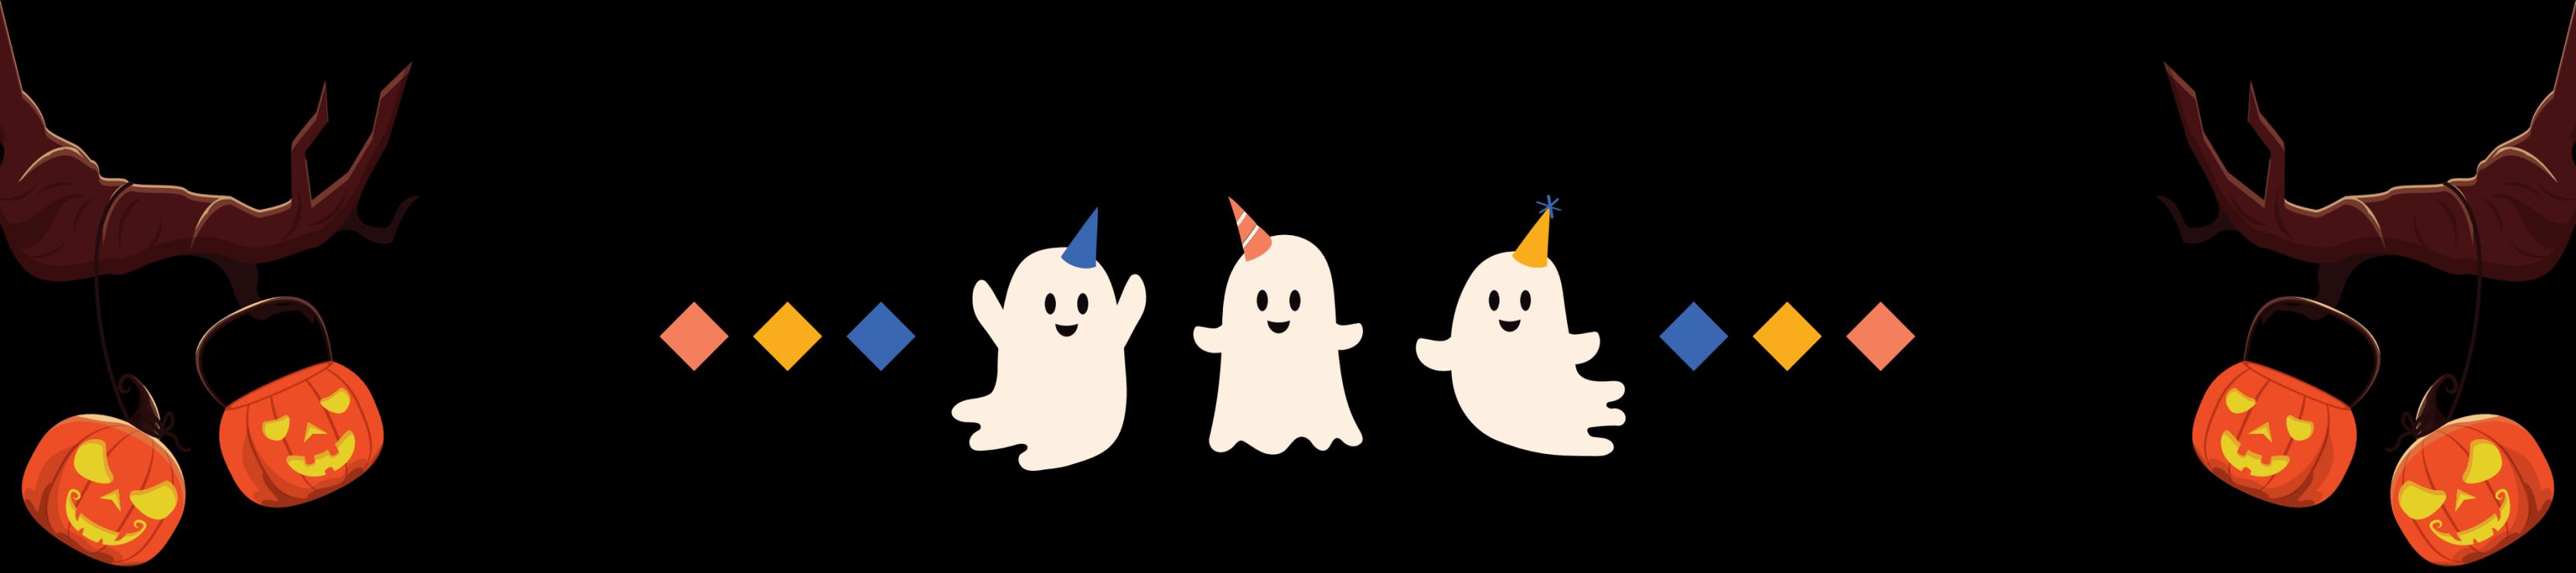

BOO!

Halloween this year may look a little different, but that's okay!

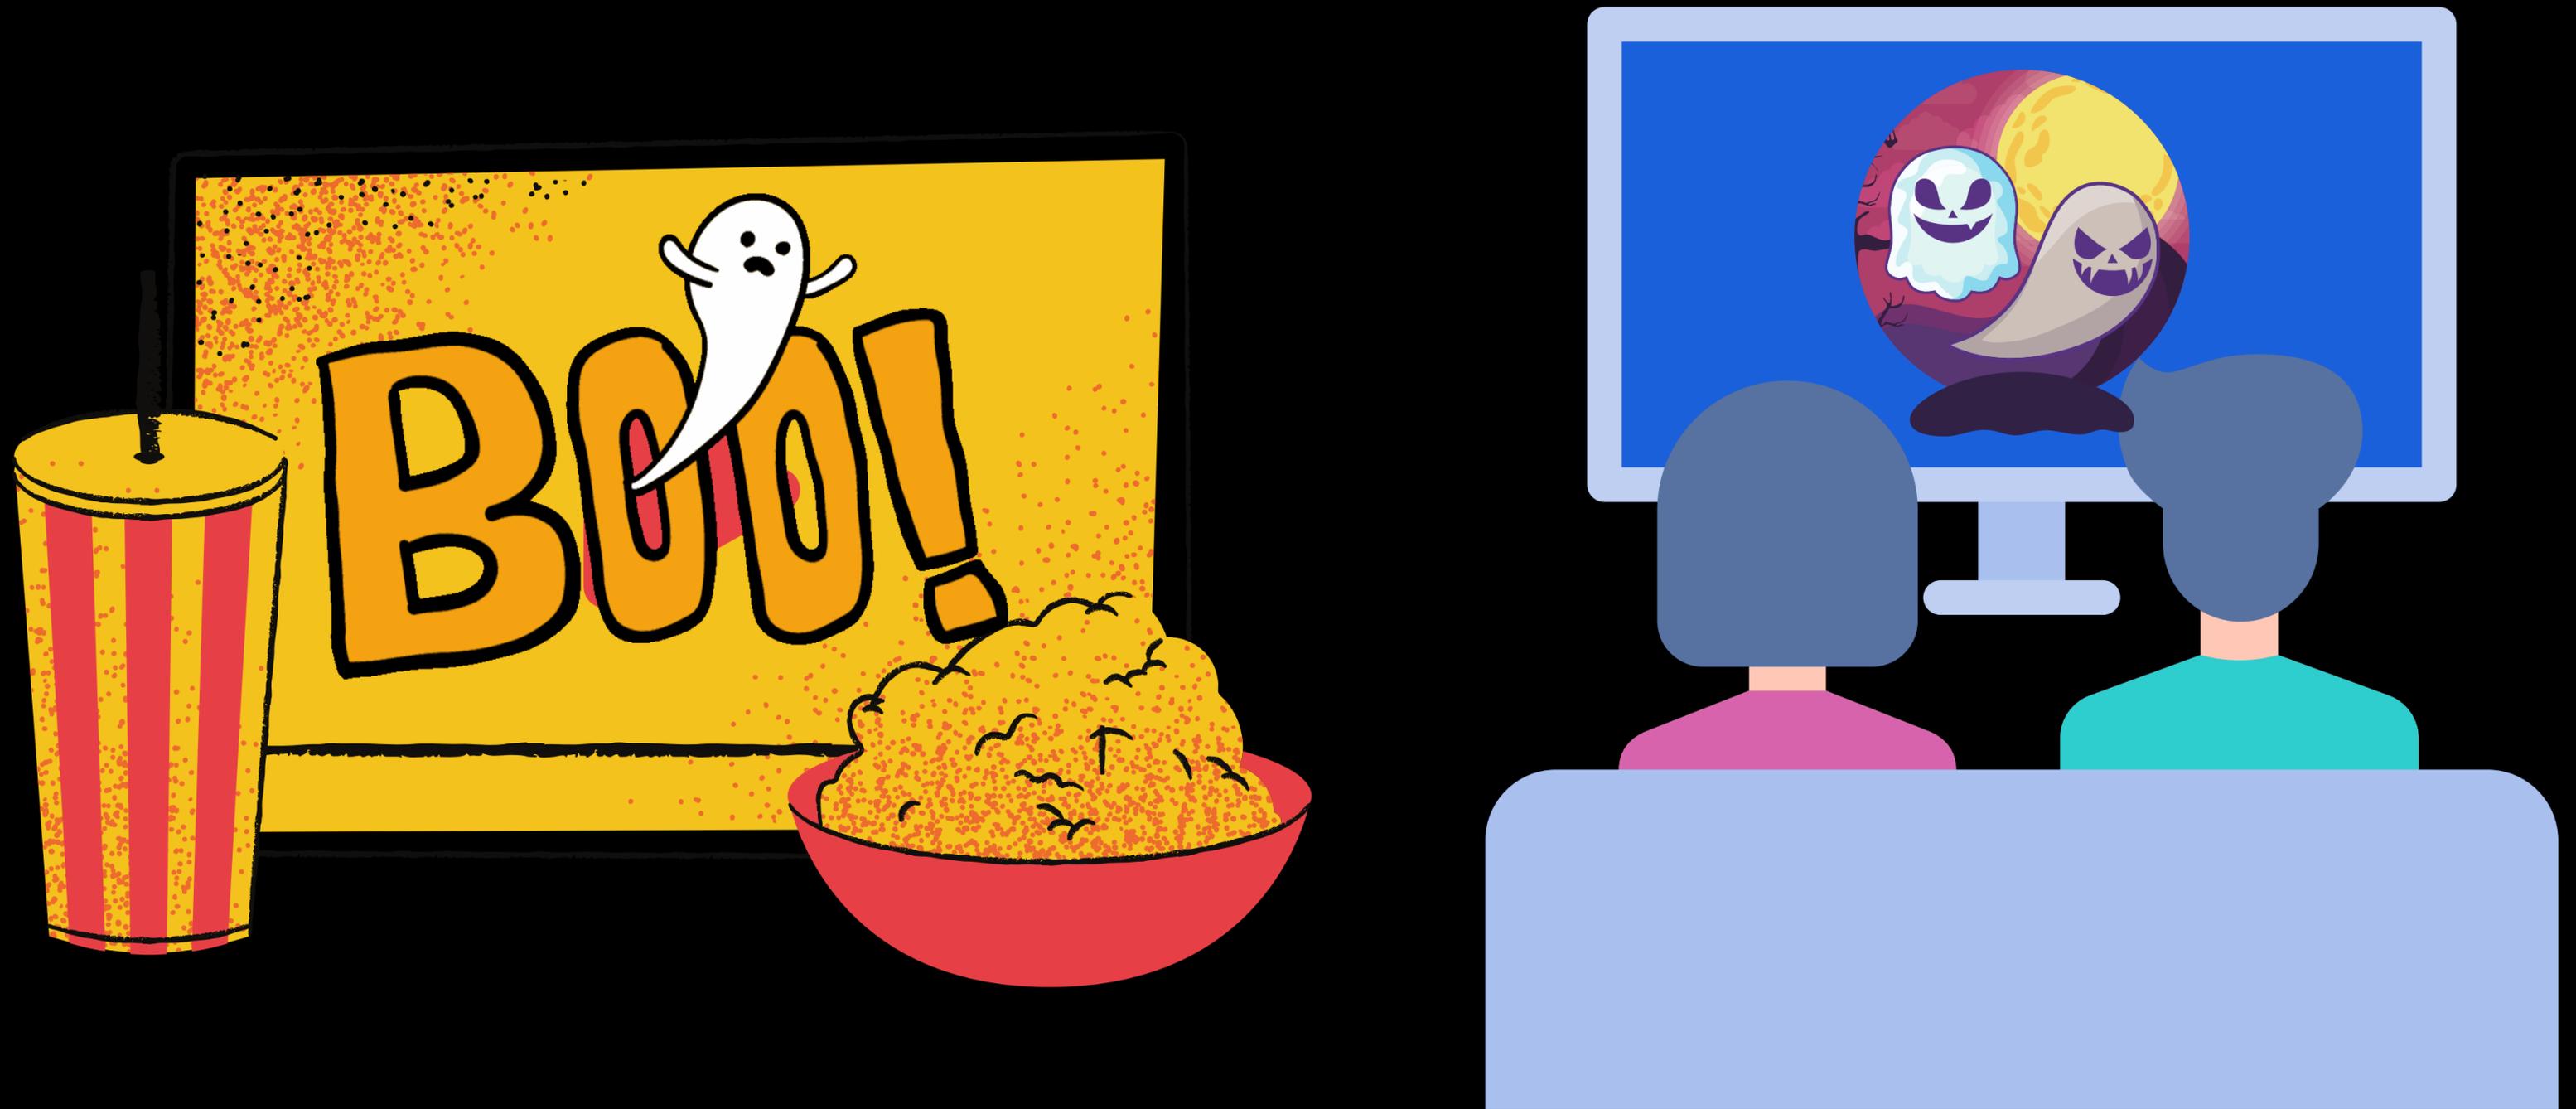

**Some families may choose
to stay at home**

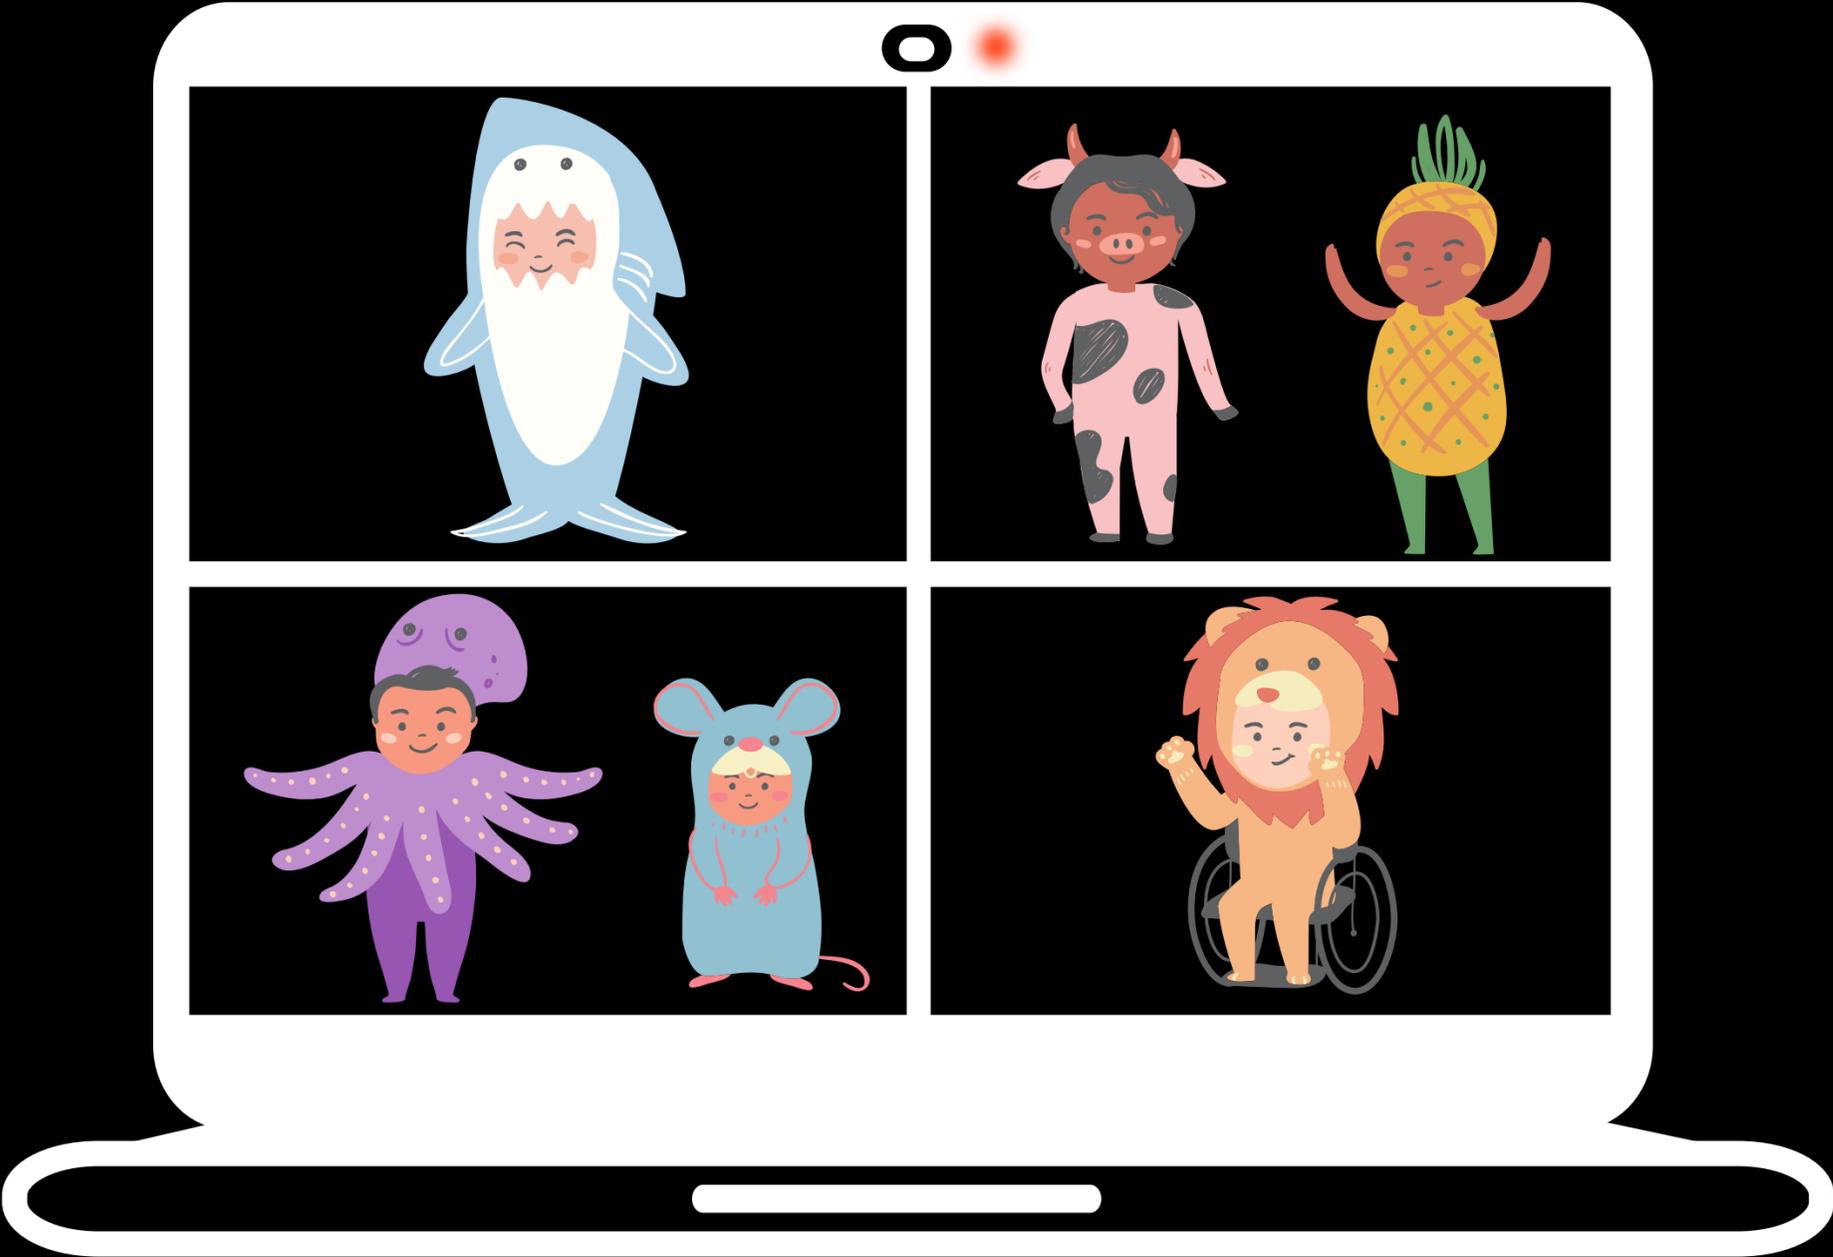

**There are still many fun things
to do if your family stays
home this Halloween**

Have a Halloween movie night with people you live with.

Have a virtual costume contest with friends and family.

Carve or decorate pumpkins with people you live with.

Have a scavenger hunt-style trick-or-treat search with your family in or around your home.

Bake and decorate Halloween treats

Some families may go out for Halloween

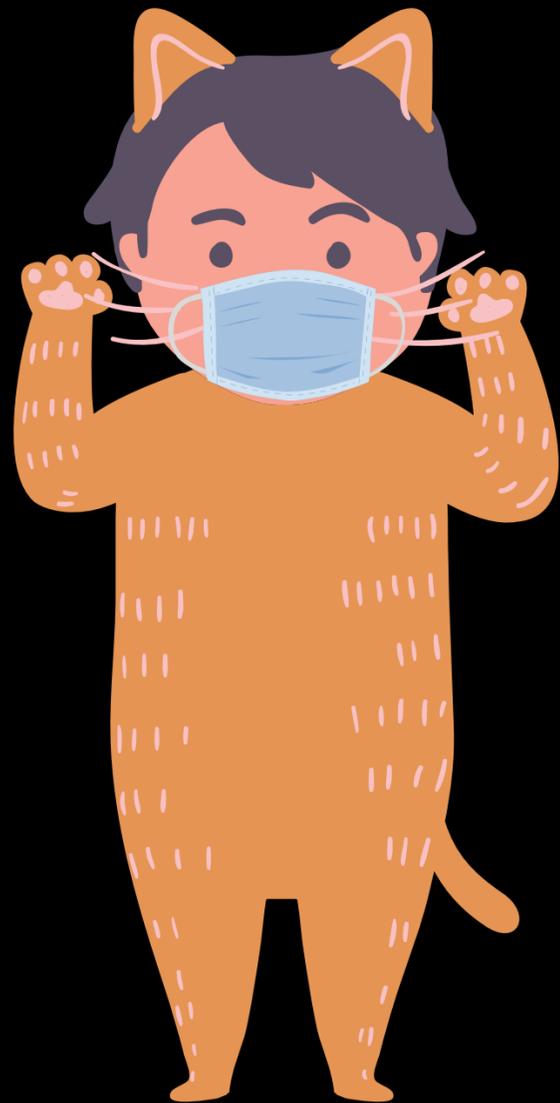

If you go out,
try to stay 6 feet away from other people

6 feet

Some people may be wearing masks.

This is to keep you and themselves safe!

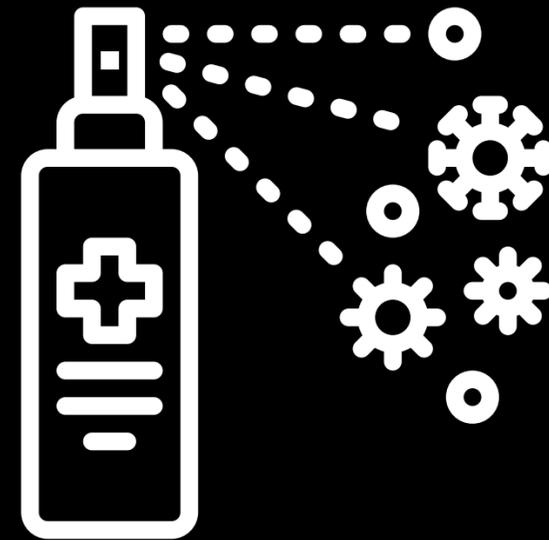

Some families may pass out candy from their trunk or driveway

Some people may have pre-packed bags of candy

Your parents may want to sanitize
the candy before you touch it,
and that's okay!

Wash your hands before
eating your candy.

Remember, If you go out on Halloween...

Some people may be wearing masks

This is to keep you and themselves safe!

Your parents may want to sanitize the candy before you touch it, and that's okay!

Make sure to wash your hands before putting any candy in your mouth.

If you go trick or treating, try to stay 6 feet away from other people

Some families may pass out candy in their trunk or driveway

Some people may have pre-packed bags of candy

There may be less houses giving out candy this year, but that's okay!

Happy Halloween

I can have fun and be safe this Halloween!
