News Brief 2021-2022

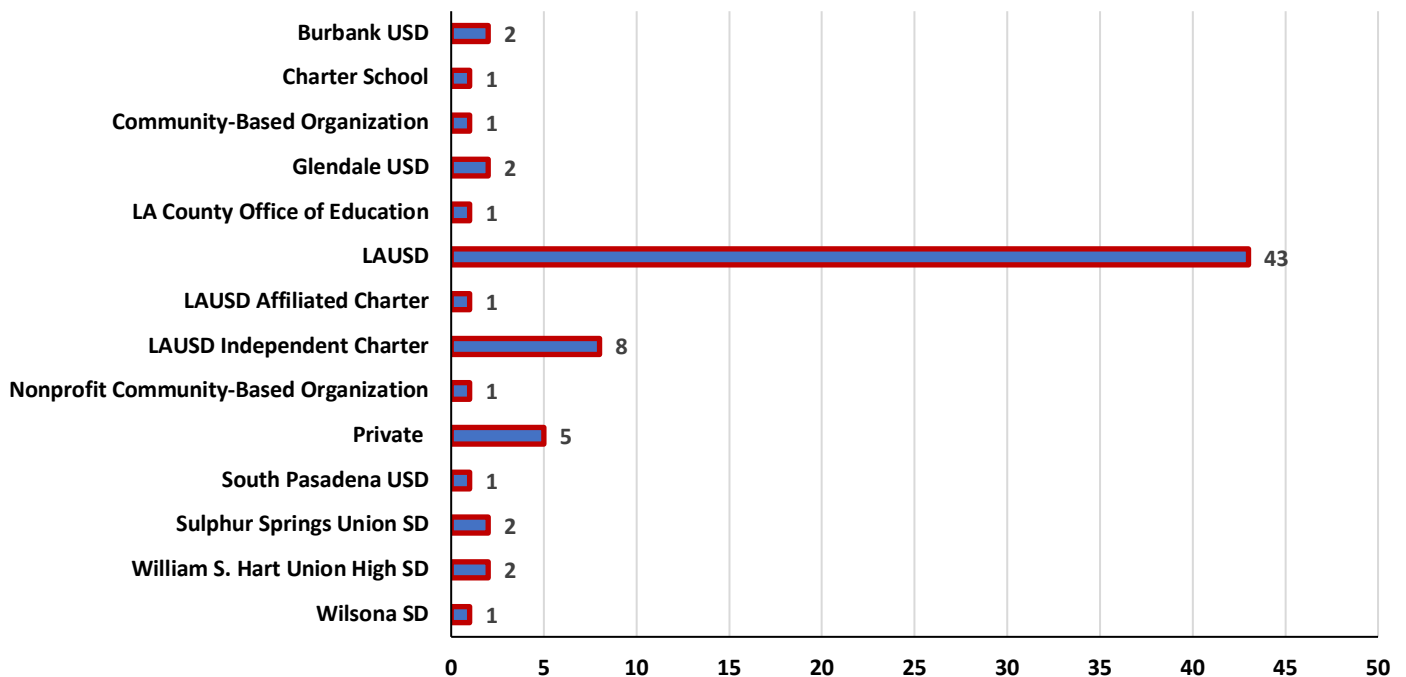

Featuring the Administrative Credential Program

Did You Know That...

The Department of Educational Leadership and Policy Studies (ELPS) provides a Preliminary Administrative Services Credential Program for candidates interested in an administrative or supervisory position. Through LINCS, data has been collected on fieldwork assignments, identifying CSUN’s school and district partners in the preparation of administrative services credential candidates. During the academic year 2021-22, ELPS provided field assignments for 71 candidates. Of these assignments, 52 candidates (73%) were in LAUSD area schools, including LAUSD noncharters (61%), and LAUSD affiliated charters (1%) and independent charters (11%). In addition to LAUSD, 19 (27%) candidates were at 6 school districts, 5 private schools, 2 community-based organizations, 1 charter school, and a county office.

Number Supervised in Districts and Other School Organizations 2021-22

LINCS (Learning Inspired through Networking and Collaboration with Schools) is driven by a single mission for California State University, Northridge (CSUN): to build and sustain strong linkages between CSUN and local schools. Through networking and collaboration, our institutions share expertise, services and resources. We strive to build productive relationships that inspire learning throughout our community by: (1) establishing and maintaining an asset mapping system, (2) facilitating networking and visibility for school partnerships, and (3) strengthening and building potential new linkages.
