

Future Male Minority Teachers of California Project (F2MTC)

Have you ever considered becoming a teacher?

Has anyone ever told you that you would be a good teacher?

Teachers are some of the most influential people in children's lives!

California students need more male teachers in their classrooms!

The F2MTC Project Provides:

- A supportive network of pre-service and practicing male teachers
- Male Mentor Teachers who help you to understand the benefits and challenges of being a teacher and support you through your preparation program
- Scholarships for undergraduate students in the fall of 2019
- Summer MENTor Bridge Program with hands-on teaching and learning opportunities
