
Financial Services for Nonprofits

In response to inquiries from Valley nonprofits, VNR offers a couple of places to begin in searching for fiscal agents or accounting software systems. VNR does not in any way endorse any of these. There are other fiscal agents or accounting software systems not mentioned here.

Fiscal Agents

[Heluna Health V \(visit the website\)](#)

Heluna Health provides fiscal sponsorships and accounting support for public health organizations. Areas of support include Financial Performance Tracking and Reporting, Health Information Exchange (HIE) Support, Accounts Payable and Receivable, Audit Management and Budgeting.

[Community Partners \(visit the website\)](#)

Through fiscal sponsorship, Community Partners provides the structure, finance and administrative services, and expert counsel that help nonprofit leaders succeed.

Accounting Software Systems

[Blackbaud \(visit the website\)](#)

Blackbaud provides purpose-built nonprofit tools & management resources to drive digital transformation & impact across your organization. Flexible & scalable tools to work the way you want.

[QuickBooks Online \(visit the website\)](#)

With a low learning curve and accessible dashboard, QuickBooks Online is a good pick for beginners who lack a strong accounting background. It is also a more affordable option for smaller organizations.

[Aplos \(visit the website\)](#)

Aplos offers high-quality, nonprofit-specific features and add-ons to its accounting software, as well as a number of discounts for smaller nonprofits.
