

The background of the entire page is a photograph of several wind turbines silhouetted against a sunset sky. The sky transitions from a deep blue at the top to a warm orange and yellow near the horizon. The turbines are scattered across the landscape, with some in the foreground and others in the distance.

CONFERENCE**

**SATURDAY
NOV
10
2018**

Researchers, engineers, consultants or policy-makers in the field of Renewable Energy and Advanced Energy Storage Technology, you are invited to this conference to exchange innovative ideas and visions of the future of a “Greener” California.

This one day conference, hosted by the CSUN College of Engineering and Computer Science, is designed to bring together universities, industries, R&D labs and Government agencies to propel Renewable Energy and Advanced Energy Storage Technology into the future. It will feature invited speakers, poster presentations, and a tour of the Campus renewable energy facilities, providing a unique opportunity for communication and collaboration between academia and industry.
