VI. Discussion Items

The committee reviewed the revised draft of the Thesis/Graduate Project/Dissertation Committee Selection document and made additional changes. The committee agreed to remove the sentence related to faculty being compensated for their time on student committees and decided that the compensation issue should be discussed with the college deans. The GSC moved to approve the Thesis/Graduate Project/ Dissertation Committee Selection language effective Fall 2018. Gloria Rocklin will insert the revised language within the Culminating Experience for Graduate Programs for the Catalog. Rocklin will send the revised language to Steve Fitzgerald to make the changes to the Electronic Thesis Dissertation (ETD) System so that the committee qualifications will be enforced.

The committee continued the discussion as to whether or not graduate students should continue to be invited to Honors Convocation. The GSC members spoke to their department chairs and the consensus is that departments would like to keep inviting graduate students to Honors Convocation. Lani Kiaopos explained that the issue is not with master’s students, but with the doctoral students being invited to Honors Convocation and not being awarded distinction on their diploma. Christine Hayashi and Marilynn Filbeck will speak to their department chairs and graduate coordinators about the concerns with inviting the Ed.D. and D.P.T. students to Honors Convocation. The GSC agreed that if the Ed.D. and D.P.T. students continue to be invited to Honors Convocation then the students will need to be made aware that they will not have distinction shown on their diploma.

VII. Adjournment

The meeting was adjourned at 3:07 p.m.
