

Department: **Health Sciences**

Effective Date of Appointment: **AY 24-25**

CSUN's Commitment to You:

CSUN is committed to achieving excellence through teaching, scholarship, learning and inclusion. Our values include a respect for all people, building partnerships with the community and the encouragement of innovation, experimentation, and creativity. CSUN strives to cultivate a community in which a diverse population can learn and work in an atmosphere of civility and respect. CSUN is especially interested in candidates who make contributions to equity and inclusion in the pursuit of excellence for all members of the university community.

As a Hispanic-serving Institution (HSI), inclusiveness and diversity are integral to CSUN's commitment to excellence in teaching, research, and engagement. As of Fall 2022, CSUN enrolls ~38,000 students, where 57.3% are Latinx, 19.8% are White, 9.2% are Asian-American, 4.9% are Black/African American, 0.1% are Native American, and 0.2% are Native Hawaiian or Pacific Islander.

For more information about the University, visit our website at: <http://www.csun.edu>

About the College:

For information about the College, visit our website at: [College of HHD | California State University, Northridge \(csun.edu\)](#)

About the Department:

For information about the department, visit our website at: [Health Sciences | California State University, Northridge \(csun.edu\)](#)

ANTICIPATED NEEDS:

Note: All part-time faculty appointments are temporary and do not confer academic rank. Final determination of part-time teaching assignments is contingent upon student enrollment figures and funding. In addition to teaching, the position requires weekly office hours, participation in assessment of student learning. The successful candidate will be held to the standards and requirements of the college and department in which he/she/they is/are employed. Given CSUN's commitment to excellence in teaching, research, and engagement in a diverse environment, the successful candidate will help the Department achieve equitable academic outcomes for all students through teaching, student mentorship, and scholarship

Salary:

Rates listed are for full-time faculty. The full-time (15 units per semester) monthly base salaries indicated in the salary schedule are prorated to the number of units worked and are paid in six monthly payments for each full semester. For a three-unit assignment, compensation for Rank 2 is \$4,530 and \$5,405 for Rank 3 per semester.

This is how the three-unit assignment salary is calculated based on rank:

The Rank 2 base salary is \$4,530. Teaching 3 units equates to a 0.20 timebase (3/15). $\$4,530 * 0.2 = \906 per month * 6 monthly checks. The semester salary is \$5,436.

The Rank 3 base salary is \$5,405. Teaching 3 units equates to a 0.20 timebase (3/15). $\$5,405 * 0.2 = \$1,081$ per month * 6 monthly checks. The semester salary is \$6,486.

Courses or Specialization**Public Health****Qualifications**

HSCI 331	Public Health Education	Doctorate preferred. Master's Degree in Public Health or equivalent required. Teaching experience at the college level preferred. Practical experience and currently in field is desirable.
HSCI 335	Holistic Health	Doctorate preferred. Master's Degree in Public Health or equivalent required. Teaching experience at the college level preferred. Practical experience and currently in field is desirable.
HSCI 345	Public Health Issues	Doctorate preferred. Master's Degree in Public Health or equivalent required. Teaching experience at the college level preferred. Practical experience and currently in field is desirable.
HSCI 369	Public Health Strategies in HIV and STI Prevention	Doctorate preferred. Master's Degree in Public Health or equivalent required. Teaching experience at the college level preferred. Practical experience and currently in field desirable.
HSCI 391	Computer Application in Health Sciences	Doctorate desirable. Master's Degree required in a field related to health sciences or applied computer applications. Work experience that incorporates computer applications applied to health sciences desirable. One or more years teaching experience desirable. Fluency with Microsoft Office applications desirable.
HSCI 431	Health Behavior	Doctorate preferred. Master's Degree in Public Health or equivalent required. Teaching experience at the college level preferred. Practical experience and currently in field desirable.
HSCI 433	Counseling of Health Problems	Doctorate preferred. Master's Degree in Public Health or equivalent required. Teaching experience at the college level preferred. Practical experience and currently in field desirable.
HSCI 434	Lactation Education	International Board-Certified Lactation Consultant (IBCLC) required. Doctorate desirable, Master's Degree in Public Health or related field required. At least five years of work experience as an IBCLC required. Teaching experience at the college level preferred.
HSCI 435	Health Science for Children and Youth	Doctorate preferred. Master's Degree in Public Health or Education required. Teaching experience at the college level and a current teaching credential preferred. Practical experience and currently in field desirable.
HSCI 436	Health Concerns of Adolescents	Doctorate preferred. Master's Degree in Public Health or equivalent required. Teaching experience at the college level preferred. Practical experience and currently in field desirable.
HSCI 437	Strategies for Making Health Decisions	Doctorate preferred. Master's Degree in Public Health or equivalent required. Teaching experience at the college level preferred. Practical experience and currently in field desirable.

HSCI 438	International Health	Doctorate desirable. Master's Degree in Public Health Education or equivalent required. Practical experience and currently in field desirable. At least two years' experience in global/international health is desirable.
HSCI 439	Community Health Action	Doctorate preferred. Master's Degree in Public Health or equivalent required. Teaching experience at the college level preferred. Practical experience and currently in field desirable.
HSCI 440	Family Health	Doctorate preferred. Master's Degree in Public Health or equivalent required. Teaching experience at the college level preferred. Practical experience and currently in field desirable.
HSCI 441	Community Health Education	Doctorate preferred. Master's Degree in Public Health or equivalent required. Teaching experience at the college level preferred. Practical experience and currently in field is desirable.
HSCI 442	Health Problems of the Disadvantaged	Doctorate preferred. Master's Degree in Public Health or equivalent required. Teaching experience at the college level preferred. Practical experience and currently in field is desirable.
HSCI 445	Program Evaluation for Health Education	Doctorate preferred. Master's Degree in Public Health or equivalent required. Teaching experience at the college level preferred. Practical experience and currently in field is desirable.
HSCI 446	Lactation Education: Postpartum Period	International Board-Certified Lactation Consultant (IBCLC) required. Doctorate desirable, Master's Degree in Public Health or related field required. At least five years of work experience as an IBCLC required. Teaching experience at the college level preferred.
HSCI 494/IN	Academic Internship	Doctorate preferred. Master's Degree in Public Health or equivalent required. Teaching experience at the college level preferred. Practical experience and currently in field is desirable.

Application Process:

Applicants must submit a **Department Part-Time Faculty Application** to the address in the section below. In later phases of the search process, applicants may be requested to provide verification of terminal degrees, licenses and certificates.

Application Deadline:

For Fall 2024 only/ AY 2024 – 2025: March 25th, 2024

For Spring Semester 2025 Only: October 28th, 2024

Inquiries and applications should be addressed to:
