

# HOW TO CARE FOR CHICKENS

## FOOD AND WATER

- Make sure the chickens have clean water to drink at all times
- Give chickens a mixed feed of insects, fresh greens, calcium-rich foods and grit
- Never feed chickens dried beans, chocolate, avocado skins or pits, or moldy food

## DAILY CARE

- Remove eggs daily
- Replenish food and water daily
- Play with chickens daily
- Clean the entire coop every 6 months

## SUSTAINABILITY

- Add chicken manure to compost

## SHELTER

- Give chickens a strong, safe and sturdy coop to live in
- Let there be an open grazing area for the chickens
- Provide your chickens with access to shade and/or a mister in hot weather
- Make sure there is enough shaded area in the coop
