

**Providing Four (4) Free
Telehealth Sessions
For CSUN Students
During the COVID-19 Crisis**

What is Telehealth?

In response to the COVID-19 epidemic, the Mitchell Family Counseling Clinic has been closed for face-to-face sessions. We have modified the delivery of our services by offering **counseling via videoconference and/or telephone.**

We are here to help and support CSUN students through this difficult time.

Please call us at (818) 677-2568
For more information and an initial phone intake
