### MISSION STATEMENT:

The Matador Advising Hub at California State University, Northridge is a centralized advising office for first-year freshman and new and continuing exploratory students. We strongly support the belief that academic advisement is a vital part of helping students accomplish their academic and professional goals. The culture of our office reflects the university's commitment to inclusive student service, respect among students, staff, and faculty, and, maintaining active partnerships with offices across campus.

Cultivating a collaborative relationship between students and advisors is central to our work at the Hub. Students with declared majors are advised at the Hub for their first-year; exploratory students receive academic advisement from the Hub until they identify a major that complements their personal and professional aspirations. By the time they transition to college-based advisement, students will have a clearer understanding of their role as active learners and their academic objectives as they move forward in their chosen educational path.

## Have you already scheduled your Spring advising appointment?

While it may seem like the fall just started, it is time to start planning for your next semester at CSUN. Prior to registering for your Spring 2022 classes, freshmen, international, and continuing exploratory students must first meet with an academic advisor with the Matador Advising Hub. Self-registration for Spring 2022 classes begins early November but don't wait to schedule your advisement appointment.

Make your appointment by following the link emailed to you from the **Matadoradvisinghub@csun.edu** or call our office at **(818) 677-2900**

Hello, my name is Marine Lousparian and I am one of the Senior Academic Advisors at the Matador Advising Hub. CSUN is my second home, I have been working on campus for the past 17 years, starting as a student assistant in the College of Science and Math SSC/EOP office. I like a lot of things about CSUN, but most of all, I like the diverse population that we have on our beautiful campus. We all come from different culture and backgrounds. I love meeting new people and learning about them. CSUN has many beautiful places but my most favorite place to go and have some time to myself is the Botanic Garden. Welcome Matadors, you are going to love it here!

Welcome Matadors! My name is Alvaro Castillo and I am one of the Academic Advisors at the Matador Advising Hub. My journey at CSUN began in Fall 2014, when I transferred from LA Mission College as an English Creative Writing major. Since then, I can confidently say that CSUN has positively impacted every aspect of my life. CSUN is not only the place where I earned my degrees and began my professional career, it is also where I have made many lifelong friendships with students, staff, and faculty members. It is my pleasure to serve as one of your Academic Advisors and I look forward to meeting with some of you to discuss the Spring 2022 semester!
