

# NORTH CAMPUS-UNIVERSITY PARK DEVELOPMENT CORPORATION

## POLICY ON POLICIES

The North Campus-University Park Development Corporation (NCUP) shares management staff with The University Corporation, a sister auxiliary of the California State University Northridge. Additionally, The University Corporation provides accounting and investment services to NCUP, and manages the licensing of North Campus facilities on behalf of NCUP.

The NCUP Board of Directors adopts policies that are necessary for the proper and responsible operation of the corporation. In light of the relationship between NCUP and The University Corporation, and in order to eliminate unnecessary duplication, NCUP will follow University Corporation policy where there is no NCUP policy in place. In the absence of University Corporation policy, NCUP will follow University policy.

*Approved by the Board of Directors on September 11, 2003*
