

Fall 2020 Prerequisite Courses Planner

Use this planner to map out your prerequisite courses

Course (min. req. sem units)	Grade/Met Requirement	Planned or In progress	Notes Q=quarters
Biology (3)			
Biology Lab (1)			
Human Anatomy (2)			
Human Anatomy Lab (1)			
Human Physiology (3)			
Human Physiology Lab (1)			
Gen. Chemistry I (4)			
Gen. Chemistry I Lab (1)			
Gen. Chemistry II (4)			
Gen. Chemistry II Lab (1)			
Gen. Physics I (3)			
Gen. Physics I Lab (1)			
Gen. Physics II (3)			
Gen. Physics II Lab (1)			
Statistics (3)			
Psychology I (3)			
Psychology II (Abnormal) (3)			

Notes:

HOW DO I CALCULATE MY GPA?

Each grade is given the following **point values**:

A = 4.0	C+ = 2.3	F = 0.0
A- = 3.7	C = 2.0	U = 0.0
B+ = 3.3	C- = 1.7	WU = 0.0
B = 3.0	D+ = 1.3	CR/NC = 0.0 (not used in GPA calculation)
B- = 2.7	D = 1.0	IC = 0.0 (not used in GPA calculation until a grade is assigned. An INC must be made up within a year)
B = 3.0	D- = 0.7	

Each course is worth a specific **number of units**. Most courses are 3.0 units although some might be 1.0 or 5.0 units, etc.

Step 1: Take the grade you received in your classes and multiply them by the number of units assigned to each course.

Example:

<u>Course</u>	<u>Grade</u>	<u>Point Value</u>		<u>Units Attempted</u>	<u>Total Grade Points</u>
Statistics	"B+"	(3.3)	X	3.0	= 9.9
Psychology I	"A"	(4.0)	X	3.0	=12.0
Chemistry I	"C+"	(2.3)	X	4.0	=9.2
Biology	"A"	(4.0)	X	3.0	=12.0
Biology Lab	"B-"	(2.7)	X	<u>1.0</u>	= <u>2.7</u>
				14.0	= 45.8

Step 2: Add units attempted. In this case = 14.0

Step 3: Add grade points. In this case = 45.8

Step 4: GPA = $\frac{\text{Total Grade Points}}{\text{Units Attempted}} = \frac{45.8}{14.0} = 3.27$
