

Samuel Mouwes
Assistant Vice President, Assistant Manager
AFM Los Angeles

Samuel graduated from the Vrije Universiteit in Amsterdam with a Bsc in Political Science and an Msc in International relations.

Samuel started his insurance career right out of college with AFM in Amsterdam. AFM is a Middle Market monoline property insurance company. Samuel started as an admin. He moved to London and became an Account Underwriter. After learning the ropes for a year he moved to Los Angeles and became a Production Underwriter. As a Production underwriter his role was to underwrite monoline middle market property accounts, handling both renewals and soliciting new business (sales). Mid 2020 Samuel moved into the Assistant Manager role where he manages a team of underwriters and admins serving brokerages in Southern California, Las Vegas, Arizona, and New Mexico.

Samuel has underwritten a wide variety of occupancies, from condominiums, real estate schedules, hospitals, to retail and manufacturing. He has been in management now for over half a year, including managing professional and hourly employees.

During his spare time, Samuel enjoys traveling and playing with his 2 year old daughter. Covid has taken away him playing football (soccer), but he joined the Peloton cult and loves to ride his bike.
