Seeking survey participants:

Parents and relatives of a student with disabilities and family origin from Middle East, North Africa, and Southwest Asia (MENASWA)

We are conducting a research to learn more about the experiences of MENASWA families of children with disabilities in the US special education system. Participants of this study will be asked to fill out an anonymous survey.

Eligible participants are 18 years of age or older, currently live in the United States, are from a family with a MENASWA background, and related to a student with special needs or disabilities.

To take the survey, please visit:
