

SMART PROSTHETICS T-SHIRT FUNDRAISER!

Help this brand new Senior Design Project make a big splash in its debut year!

Senior Design Smart Prosthetics focuses on using smart materials such as Shape Memory Alloy wires to actuate complex prosthetics (such as for hands or feet), and we want to make this first cohort a spectacular success! We're raising money to help pay for materials by selling custom-made print T-shirts. If interested, please contact the Smart Prosthetics team or the Project Lead, Jon Fontana, or stop by our lab!

T-shirts are available in the following sizes and prices:

~~XS~~: Sold Out!
S : \$20
M : \$20
L : \$20
XL : \$20
2XL : \$25
~~3XL~~: Sold Out!
