Tutoring: No Show and Late Cancellation Policy

No Shows

Students arriving or signing in 15 minutes or later to a scheduled appointment will be considered a *No Show* and the appointment will be offered to a student on the waitlist.

Late Cancellations

Students are required to cancel/reschedule 24 hours in advance of an appointment or by the Friday before a scheduled Monday appointment to avoid being considered a *No Show*. Advance notice of cancellations allows the CSM SSC/EOP to offer available appointments to students in need of tutoring.

A combination of **three** *No Shows* and/or *Late Cancellations* within a semester will result in revocation of appointment-making privileges. Students will only be allowed to be on the *Waitlist*.
