Authors: Lydia Hollie & Zeke Zeidler

Date: 4/9/85
Referred:

Senate Action:
Approved 4/9/85

WHEREAS: At the February 13, 1985 Associated Students Senate meeting, the Senate was informed that the University administration rescheduled the 1985 commencement ceremonies from the traditional afternoon to 9:30 a.m. because of alleged student misconduct; and

WHEREAS: Prior to the A.S. Senate's discussion, there was no official statement from the University administration advising the student body of its intent, rationale, and evidence to support its decision to change the time of the commencement; and

WHEREAS: The A.S. Senate expressed the concern that this change would create an undue personal and financial hardship on many graduates and their families, and therefore, referred this matter to the A.S. University Affairs Committee to thoroughly investigate and to determine the implications of the University's action; and

WHEREAS: At the February 26, 1985 A.S. Senate meeting, the A.S. University Affairs Committee reported that a concerned student was unable to secure an appointment with the University President to discuss this issue until April 28th, and the Committee was referred to the Director of Graduation by the Governmental and Administrative Affairs Director; and

WHEREAS: According to the February 27, 1985 Daily Sundial the Director of Graduation indicated that commencement could not be altered this year because the announcement and graduation packets had "already been sent to the printer, but that the morning schedule could be evaluated and possibly changed back to the original time frame for the class of 1986 if there was a negative response;" and

WHEREAS: On March 5, 1985, the A.S. Senate concurred with the recommendation of the A.S. University Affairs Committee to survey student opinion on the most preferred time for commencement by adding a referendum to the A.S. ballot; and

WHEREAS: The University allegedly conducted a survey of the 1984 graduating class supposedly regarding the most appropriate and/or convenient time for the 1985 commencement ceremony; however, to date, the results have not been published; and

WHEREAS: On March 19 and 20, 1985 during the Associated Students' general elections, a referendum was presented to over 1400 Baccalaureate and Master's candidates with 67% stating a preference for a 5:30 p.m. commencement time; and
WHEREAS: The Dean of Students, as spokesperson for the University administration, has stated in a letter to the Editor of the Daily Sundial on March 22, 1985, "Despite our best efforts at amplification, many in the audience were unable to hear," and

WHEREAS: If there are any problems with amplification, they can be solved in the following ways, either procedurally or structurally: 1) The rental or purchase of state-of-the-art sound systems; or 2) Individual commencement ceremonies for each school within the University; and

WHEREAS: The Dean of Students' letter further alleges that "milling about by students to locate and converse with friends made it difficult for processional lines to form and for families to observe their graduate receive the congratulatory handshake of the president; .and

WHEREAS: These allegations suggest that students in the audience are uninvited, trespassing, and interfering with the sovereignty of the commencement ceremony; and

WHEREAS: To the contrary, the students attend the event in order to be a part of the University's commemoration and honor of their fellow students; and

WHEREAS: The letter also states that the occasional intense heat and humidity has caused instances of sunstroke and heat prostration; and

WHEREAS: According to the U.S. National Weather Service, generally, the temperature and relative humidity rise to their peaks prior to 3:00 p.m. and diminish thereafter; and

WHEREAS: The commencement change from Friday evening supposedly alleviates "conflicting Sabbath obligations at sundown;" and

WHEREAS: The ceremony can still be staged on Friday or Sunday midafternoon without inconveniencing graduates' observance of the Jewish Sabbath or attendance at Christian services; and

WHEREAS: The Dean of Students' letter states that the problems of amplification, overcrowding, and disturbance by uninvited guests will be lessened by moving the time to 9:30 a.m.; and

WHEREAS: The letter further claims that the decision to change the time was largely based upon the disruptive behavior on the part of some graduating students; and
WHEREAS: The class of 1985 will include a number of first generation college graduates, the University's scheduling of the ceremony was not predisposed to accommodate and make possible the sharing of the special significance of this ceremony; and

WHEREAS: The failure of the University to incorporate the input of this year's graduates and the faculty minimized the importance of students and faculty to affect major decisions that concern them; and

WHEREAS: The Academic Council, School of Humanities has stated that it cannot recommend participation in the ceremony to its constituent faculty unless President Cleary is willing to solicit and implement faculty suggestions for changes in the policy and program. Therefore, be it

RESOLVED: That the Associated Students, California State University, Northridge Inc., based upon the student referendum, strongly requests that the traditional afternoon commencement be reimplemented for the graduating class of 1985; and be it further

RESOLVED: That the Associated Students, California State University, Northridge Inc., based upon the student referendum, strongly urges the University's administration to implement an alternative procedure and structure with student and faculty input utilizing other major universities, such as UCLA or CSULB as models; and be it further

RESOLVED: That the Associated Students believes that to coordinate an activity which includes over 4,000 graduates and over 20,000 guests on the Oviatt Lawn requires a legitimate attempt for structural modifications to facilitate the process of commencement, rather than a subversive attempt to minimize the attendance; and be it further

WHEREAS: Since 1979, civil wars in El Salvador and Guatemala have claimed the lives of 80,000 people.

WHEREAS: One-tenth of El Salvador’s five million inhabitants have been forced to flee their homeland since that time.

WHEREAS: The Immigration and Naturalization Service (INS) reports that over 600,000 Salvadorans now live in the United States, with 350,000 residing in the L.A. area. There are close to 70,000 Salvadorans in the San Fernando Valley alone.

WHEREAS: The refugees living here suffer from war shock, culture shock, language barriers, poor health, as well as inaccessibility to legal rights and exploitation of their services by employers.

WHEREAS: In 1967, the U.S. signed the U.N. Protocol on the Status of Refugees. Its principles were integrated into U.S. law when Congress passed the Refugee Act of 1980. This law requires the U.S. to grant asylum to anyone with a well-founded fear of persecution on the basis of race, religion, nationality, membership in a particular social group or political opinion.

WHEREAS: Even though Salvadoran and Guatemalan refugees meet the requirements of the U.S. code, the Refugee Act of 1980, and are recognized as refugees by the U.N. High Commissioner for Refugees, the U.S. State Department refuses to give them proper status. According to the State Department and the INS, the principal reason for the influx of Salvadoran and Guatemalan refugees is to seek employment. Thus they are viewed as economic refugees and are treated as undocumented individuals.

WHEREAS: 30,000 Salvadorans have been deported from the U.S. since 1980. One-third of those deported every month are imprisoned, tortured or killed.

WHEREAS: In accordance with the precedent set in universities and churches during our Civil War in which runaway slaves along the underground railroad were offered assistance, and taking cognizance of the statement by the INS that it would under no circumstances pursue a person who had entered a church, hospital, or school, at least 200 churches across the nation and the campuses of U.C. at Riverside, Berkeley, and Los Angeles have declared themselves a sanctuary for Central American refugees.
HEREAS: As students and citizens we have a moral obligation to our fellow human beings. Therefore, be it

ESOLVED: That the A.S. Senate has endorsed and supports CSUN as a sanctuary for Central American refugees, and be it further

RESOLVED: The establishment of Sanctuary at CSUN will include all or part of the following:

-- Promotion of the standards of living conditions (food, clothing, health care, etc.) of Central American refugees.

-- Raising student awareness of the needs of Central American refugees.

-- Arrangement of temporary off-campus housing in the homes of community volunteers.

It should be understood that the Campus Sanctuary Movement Organization will coordinate these services and that the Associated Students, Inc. need not involve themselves unless they choose to do so individually.

RESOLUTION IN SUPPORT OF GRAPE BOYCOTT

Senate Bill #15  
Author: Maria Chavez

Date: April 29, 1987  
Approved: May 6, 1987

WHEREAS:

The United Farm Workers of America, AFL-CIO, have begun their "Wrath of Grapes" campaign to inform consumers about dangerous pesticide residues on table grapes sold in the markets: and,

The World Resource Institute reports that over 300,000 farm workers are poisoned each year by pesticides: and,

Grape growers are now using deadly pesticides that may poison farm workers and may cause children to die of cancer and be born deformed: and,

Consumers eat food laced with toxic pesticides residues: and,

Since the 1960's the United Farm Workers of America have helped farm workers and consumers win protection from dangerous pesticides such as DOT, Aldrin and Dieldrin before the government took any action: and,

Farm workers do not receive the freedom of association, a right that is the hallmark of a just society, as workers get killed in Union elections and growers refuse to negotiate: and,

The Agriculture Labor Relations Board has not effectively dealt with this problem.

The simple act of refusing to buy grapes is a powerful and effective tool in fighting these injustices: and,

Across North America, state and federal lawmakers, mayors, city councils, student organizations and the academic community, labor and religious leaders, and consumers are all boycotting grapes.

THEREFORE

LET IT BE

RESOLVED:

That the Associated Students of California State University, Northridge endorses the new grape boycott and strongly urges its members to do the same.

ND THEREFORE

ET IT BE

RESOLUTION TO THE FACULTY SENATE ENCOURAGING
THE REMOVAL OF THE R.O.T.C. PROGRAM

Authors: A.S. Senator Brent Larson
Date: March 20, 1990
Senate Action: approved 3/20/90

WHEREAS:
On March 7, 1989, students interested in expanding the 'existing Air'R.O.I.C. program at C.S.U.N. and in bringing the R.O.T.C. programs of other branches of the
Armed Services to C.S.U.N. sought the support of the California State University, Northridge
Associated Students; and

On March 14, 1989, the Associated Students passed a Resolution Concerning R.O.I.C. "which
stated that the Associated Students encourages the adoption of R.O.T.C. classes, to be housed in
one of the University's schools;" and

The C.S.U.N. Lesbian and Gay Alliance and representatives of other campus groups objected to
the existence of any component of the R.O.T.C. Program on this campus mainly because of the
Armed Services discriminatory policies toward homosexuals; and

The Associated Students Mission Statement, which was passed by the student body in the
Spring of 1988, declares that "equal opportunities shall be afforded all students without regard to
race, color, religion, creed, gender, pregnancy, marital affiliation, sexual or affectional orientation,
age, ethnic origin, citizenship, nationality, veteran status or physical disability" and

The Associated Students Judiciary on May 11, 1989 unanimously concluded that the Resolution
Concerning R.O.I.C. was in direct conflict with the Associated Students Mission Statement
because
R.O.T.C., being under the direct authority of the Armed Services, discriminates on the basis of
sexual and affectional orientation, age, citizenship and physical disability; and

The Associated Students Senate on July 11, 1989 voted unanimously to
implement the decision of the Associated Students Judiciary, thereby nullifying
the "Resolution Concerning R.O.T.C.;" and

On April 19, 1989, the Educational Policies Committee of the
C. S. U. N. Faculty Senate established a subcommittee to "consider the proposed
Army R.O.T.C. program" and "review the presence of the Air Force R.O.T.C.
program on this campus;" and

The Subcommittee on R.O.T.C. submitted to the Educational Policies Committee a
Position Paper, dated November 17, 1989, which
outlined a series of historical, economical, procedural, philosophical and moral
questions regarding the R.O.T.C. program, and further stated their understanding
that while lesbian or gay persons could enroll in R.O.I.C. courses, the usual goals
of the program, becoming a commissioned officer in one of the armed services on
graduation, would not be available to them, and in fact,
whereas:

December 13, 1989 the Educational Policies Committee voted to adopt
the three recommendations contained to the Position Paper of the subcommittee which called
the "University to terminate the operation of the present R.O.T.C. program on its campus and in facilities" but also allow "Air Force R.O.T.C. instruction to continue until students enrolled at present can reasonably complete their course requirements;" and

The Nondiscrimination Statement of the California State University states that "...nor does the University discriminate on the basis of sexual orientation," and further states that "This nondiscrimination policy covers admission, access, and treatment in University Programs and Activities;" and

The discriminatory policies of the Armed Services are in clear violation of the principles of nondiscrimination contained in the Associated Students and the University Mission Statements; and

Associated Students understands that there are hardships incurred by R.O.T.C. students by not having an R.O.T.C. program at C.S.U.N.; that R.O.T.C. students and homosexuals currently serving in the military both suffer because of the Armed Services discriminatory policies; and that having university-trained officers in the military is important for diversity in the Armed Services; but that these are not sufficient reasons to disregard the mission Statements of Associated Students or the University; and

hence neither the Associated Students nor the California State University, Northridge Mission Statements protect organizations which are discriminatory, associated Students believes that no rights are being violated by keeping R.O.T.C. of the C.S.U.N. mpus; therefore let it be

a at until the discriminatory policies of the Armed Services are no longer in effect, the Associated Students of California State University, Northridge will encourage or support the R.O.T.C. program or its classes on this campus; and

f at when the discriminatory policies of the Armed Services are no longer in effect, Associated Students recommends that the Educational Policies Committee further research having R.O.T.C. Programs at C.S.U.N. and let it be the

r the Associated Students supports the three recommendations of the E.P.C committee on R.O.T.C and strongly urges the Faculty Senate to adopt them at its March 22, 1990 meeting; and let it be further

RESOLUTION ON INTERCOLLEGIATE ATHLETICS

NUMBER: SB97-“98-06
DATE: October 17, 1997
AUTHOR: Jon Hatemi, A.S. Vice President Leanne Vincent, A.S. Secretary University Affairs
REFERRED TO: on October 21, 1997
COMMITTEE REC:
SENATE ACTION:

1) WHEREAS: California State University, Northridge had a strong history of success as a Division II athletics program, which led the administration to support and fund the move of our program from Division II to Division I;

2) WHEREAS: Following the move to Division I, funding of athletics from the general fund was dropped by apx. $800,000 per year, to a level of funding less than what the program received when it was at the Division II level; and

3) WHEREAS: Students at California State University, Northridge were asked by President Blenda Wilson and Vice President for Student Affairs Ronald Kopita to support a $31 per semester fee increase, which would ensure that our football team would not be dropped, would fund the initiation of women's sports in order to allow the program to comply with Title IX gender equity requirements, and would ensure stable financial support for our entire Intercollegiate Athletics program at the Division I level, and the students approved that referendum in the Spring 1995 semester, and

4) WHEREAS: The administration then made a decision, independent of any consultation with the student body who are the primary funding source of the athletics program, to join the Big Sky conference; and

5) WHEREAS: Mr. Doug Fullerton, Commissioner of the Big Sky conference, notified President Wilson and Vice President Kopita in 1995 that moving into the Big Sky conference would require us to lose "some men's programs", and/or have to come up with more funding; information which was not passed on to the student body who had already agreed to fund a referendum based on the previously stated information; and

6) WHEREAS: Since receiving that recommendation, funding for Intercollegiate Athletics from both the general fund and from the University Corporation has decreased, not increased. This leaves students as the leading funding source for Intercollegiate Athletics, (apx. $1.6 million a year from Associated Students, and $400,000 a year from Instructionally Related Activites) and leaves athletics in debt on a yearly basis for each of the past three years since the students passed the athletics referendum; and
7) WHEREAS: Recruiting for all four men's teams occurred throughout May, 1997 at the same time that discussions were going on with regards to which men's teams would be cut, and thereby falsely allowing many students to believe they had a commitment to play for and attend CSU Northridge in the Fall; and

8) WHEREAS: A decision to cut men's baseball, soccer, volleyball and swimming & diving was never discussed with Associated Students, who are the primary funding source for Intercollegiate Athletics; and

9) WHEREAS: The Director of Athletics, Paul Bubb, announced, in June of 1997 - one week after graduation ceremonies finished, right after a new A. S. administration had taken office, and right before students were back on campus for summer school - that, in order to balance the athletics budget, and provide both funds and equal opportunity for women's programs in compliance with Title IX requirements, the athletics department would be cutting Men's Baseball, Men's Soccer, Men's Volleyball, and Men's Swimming & Diving. This led to a quick and loud outcry from the community; and

10) WHEREAS: As a result of the outcry of students, alumni, and the community, State Senator Cathie Wright provided a one-time, $586,000 financial bail-out of the athletics program, and required that CSU Northridge initiate an Athletics Task Force with the goal of evaluating the athletics program and making recommendations on ways to resolve the mess in athletics; and

11) WHEREAS: The University Corporation, when pressed for payment of past-promised funding to athletics, and for a gift of $586,000 towards the athletics program, instead agreed to loan athletics $586,000 until the state paid what Senator Cathie Wright had bargained for, and has not as yet made any move to repay the more than $700,000 it owes to athletics; and

12) WHEREAS: The four men's Intercollegiate Athletic programs that were cut in June, and reinstated as a result of the bail-out by the state, have only been reinstated for one year, and attention must be brought to the fact that if the teams are not reinstated next year it could have serious, detriment!,l consequences to students, athletes and the community at large; and

13) WHEREAS: CSUN !intercollegiate Athletics in general give students, who might be less fortunate, a chance to attend our university and receive an outstanding education and not reinstating the four men's programs would lessen the chances of students who would not be able to attend our university the opportunity to do so; and

14) WHEREAS: It appears that the administration and athletics department may feel that the students will continue to pay apx. $2 million a year towards Intercollegiate
Athletics regardless of the mess the program is in, the lack of information being given to students, the lack of consultation with students over major decision affecting the program, the dismantling of the program that the students agreed to financially participate in back in Spring 1995; therefore let it be

1) RESOLVED: The Associated Students continues in its belief that a vital, dynamic and competitive Intercollegiate Athletics program is appropriate for Cal State Northridge, provides students with opportunities to attend college that might not be available through other means, and is an asset to the campus and local communities; and let it be further

2) RESOLVED: That the Associated Students joins with the community, the alumni, and students of CSUNorthridge in supporting the complete reinstatement of men's baseball, soccer, volleyball and swimming intercollegiate athletic programs at CSUN beginning with the Fall 1998 semester, with no further threat to their being cut; and let it be further

3) RESOLVED: The Associated Students of CSUNorthridge is committed to having an athletics program that retains ALL of its sports programs, including the four that were cut, as well as to having a program with a balanced budget, and meeting the requirements of Title IX gender equity; which is what the students agreed to fund with their Spring 1995 fee referendum; and let it be further

4) RESOLVED: That as the primary funding source for Intercollegiate Athletics, the Associated Students be part of the consultative process whenever major decision affecting the Intercollegiate Athletics program (such as adding programs, cutting programs, changing or seeking conference affiliations) are made; and let it be further

5) RESOLVED: That the Associated Students asks that the Athletics Task Force make the following recommendations to the President:

- That the University Corporation be required to pay athletics the money previously promised to them, with the aim of reducing their current debt, and allowing the program to proceed from this point with a balanced budget;

- That the University Corporation continue to not only promise, but to pay a minimum of $500,000 a year to Intercollegiate Athletics;

- That the general fund contribution towards athletics be restored to a level consistent with the needs of a successful Division I program within the Big Sky conference;
That Intercollegiate Athletics be given the funding through the general fund to immediately hire a full-time fundraising director for athletics, who has a proven track record of success at building a Division I program;

The President be urged to move forward quickly with the search for a Vice President for fundraising, and that this person, once hired, be asked to place fundraising for Division I athletics as one of their priorities;

let it be further

6) RESOLVED: That if the Associated Students is to continue being a financial participant in the Intercollegiate Athletics program at CSUN, it must have some assurance from Intercollegiate Athletics, the Vice President for Student Affairs and the President that the program it funds is a priority for the university, will be well-managed, and that students will be a part of the consultation and decision-making process for athletics in a manner appropriate to its financial participation in the program; and let it be further

7) RESOLVED: That Associated Students will take into consideration not only the recommendations of the Athletics Task Force and how those are met by the administration, but also the response of Intercollegiate Athletics and the University Corporation to those recommendations before deciding on its 1998-99 budget allocations to athletics, and will request that the Instructionally Related Activities Board do the same; and let it be further

8) RESOLVED: That copies of this resolution will be sent to the following:

SUBJECT: Opposing Fee Increase
REFERRED TO: Senate Committee of the Whole
SENATE ACTION: Approved on March 25, 2003

1) WHEREAS an educated citizenry is the foundation of a productive economy and an enlightened society; and

2) WHEREAS the California State University (CSU) comprises 23 campuses and 407,000 students; and;

3) WHEREAS approximately half the bachelor’s degrees and one-third of the master’s degrees awarded in California are conferred by the CSU; and

4) WHEREAS CSU alumni are the engine of the state’s productivity and the key to the state’s future, as demonstrated by the fact that 1 in every 10 members of the California workforce is a CSU graduate; and;

5) WHEREAS approximately 60 percent of the teachers in California hold CSU degrees; and

6) WHEREAS between 1990-1991 and 2002-2003, in-state CSU student fees have risen 102% (with no adjustment made for inflation) and if the additional fee increase of 25% for in-state students proposed by the Governor’s Budget is adopted by the Board of Trustees, student fees will have risen 152% over the 13-year period since 1990-1991 and CSU students will be paying a total of $1185 more in mandatory fees; and

7) WHEREAS in the early 1990s our state was in an economic crisis similar to the current one, and the state cut the budgets of the UC, CSU and Community Colleges with the result that enrollment declined and the amount of debts with which students graduated increased dramatically; and

8) WHEREAS raising student fees will retard recovery from the present recession by artificially limiting the flow of an educated workforce into the workplace; and

9) WHEREAS student fees were created to cover costs that were not a part of the “educational mission” of the university (i.e. student services), not to backfill holes in the state budget; and
10) **WHEREAS** access is a key component of the CSU mission, as stated in the CSU Mission Statement, “To encourage and provide access to an excellent education to all who are prepared for and wish to participate in college study”; and

11) **WHEREAS** Governor Gray Davis stated on October 25, 2002, at Merced that “every time we raise fees, we freeze our students, we deny them the opportunity for an unparalleled education”; and

12) **WHEREAS** in 2001-2002 (the most recent year for which statistics have been published) approximately 49% of CSU students (184,625 students) received financial aid and more than half of that financial aid (54.6% of dollars) was in the form of loans; and

13) **WHEREAS** in 2001-2002 approximately 62% of all undergraduates who received financial aid at a CSU campus took out a student loan, and the amount of the average loan was $4841; and

14) **WHEREAS** in 2001-2002, of the 49% of CSU students who received financial aid, 46,031 of them were dependents of families whose total income was $36,000 per year or less; and

15) **WHEREAS** in 2001-2002, of the 49% of CSU students who received financial aid, 49,232 of them were independent with total incomes of $12,000 per year or less. 18,212 of those CSU students had total incomes of $3000 per year or less; and

16) **WHEREAS** 80% of CSU students work and pay their fair share of taxes, with 36% of them working full time; and

17) **WHEREAS** only 56% of CSU students are dependent on their parents; and

18) **WHEREAS** nearly 40% of CSU students have dependents themselves; and

19) **WHEREAS** approximately 20% of CSU students are the first generation in their family to attend college; and

20) **WHEREAS** according to the U.S. Department of Education, over 30% of students who work an average 15-30 hours per week do not graduate from college; and

21) **WHEREAS** the total cost to attend many campuses of the California State University has increased dramatically due skyrocketing housing costs, such that total costs (fees, books and supplies, meals and housing, transportation and miscellaneous personal expenses) for students living apart from their parents, off campus, in shared housing, at 18 of the 23 CSU campuses are $13,000 per year or more, with the average cost being $13,632, while the average total cost for students living in on-campus housing is $12,651; and

22) **WHEREAS** many CSU campuses are located in cities that are among the most expensive cities in the country to live in, and housing costs are a barrier to accessing education; now, therefore, be it
1) **RESOLVED** that Associated Students of California State University, Northridge opposes any attempt to further increase the financial load of CSU students, who are already struggling with financial burdens of their own, with 80% being not only students but also taxpayers; and be it further

2) **RESOLVED** that Associated Students of California State University, Northridge is committed to collaborating with the CSU Board of Trustees, the Governor, the State Legislature, and representatives from all the segments of higher education to find means alternative to raising student fees to resolve budget shortfalls in California; and be it further

3) **RESOLVED** that Associated Students of California State University, Northridge opposes any further increase in student fees and implores the CSU Board of Trustees to refrain from regarding students as the solution to CSU budget shortfalls.

4) **RESOLVED** that copies of this resolution be promptly distributed to:

1) **The quandary of the Course Repeat Policy**
   a. Academic Affairs has found after thorough investigation, that the new Course Repeat Policy is virtually unknown to the student body. This information affects the continuing education of all students. Associated Students and University Administration should be held accountable to provide ample information pertaining to modifications of and additions to established policies having an effect on the student body at-large.

2) **Location**
   a. **Postings lacking**, campus wide. After extensive campus wide reconnaissance, the members of the academic affairs committee have found very few postings of the course repeat policy. Buildings that were lacking the information included but not limited to Jerome Richfield, Sierra Hall, Science 1 – 4, remedial math office, student Services, etc.
   b. **Postings found** were limited to a pink flyer on the seventh floor of Sierra Tower, by the elevators, above eye level.

3) **Recommendations**
   a. The Academic Affairs Committee recognizes and further commends the university in their efforts to continue it’s efforts already underway to improve the communication of changes in university policy and procedures.
   b. Academic Affairs recommends that the Course Repeat Policy be posted in the course catalogue, as well as displayed with the online catalogue.
   c. Academic Affairs recommends that Advisement Centers and Department Offices display Course Repeat Policy in a conspicuous location. In addition, it should be further recommended that Student Services also display the Course Repeat Policy.
   d. Academic Affairs recommends that University Affairs Committee follow through with the establishment of the, posting board in Matador Square.
   e. Academic Affairs recommends to the Visibility Committee, that the Course repeat policy be posted on the CSUN Info Screen.
f. Academic Affairs recommends that the office of Student Development present the Course Repeat Policy in written and verbal form so that it is visible to the international Students.
g. Academic Affairs recommends that Associated Students place information on all new policies affecting the student body at-large in the Sundial for a minimum period of two weeks.

6) WHEREAS: The current population of the United States consists of approximately 18% Latino and only approximately 5% of officers in the Army are Latino: and

7) WHEREAS: “California State University, Northridge has approximately 32,000 students and 24.5% identify themselves as Mexican American or Latino, according to a Fall 2002 institutional research profile”: and

AUTHORED BY: Natalie Nakashian
               Misak Zetilyan
REFERED TO: Cara Keith, A.S. President
SENATE ACTION: Approved, April 5, 2005

(This resolution reconfirms and expands on the resolution that was passed in 1997 by the California State University, Northridge Associated Students).

(This resolution mirrors the California State Senate resolution SJR 2, which was introduced January 19, 2005 to the State Senate by Senator Speier. Principal co-authors: Senators Poochigian, Scott, and Simitian. Principal co-authors: Assembly Members Aghazarian, Frommer, and Liu)

On the occasion of the 90th anniversary of the Armenian Genocide, this measure would designate the month of April, as the "California State University, Northridge Armenian Genocide Remembrance Month."

1) WHEREAS: The Armenian people, living in their 3,000 year historic homeland in Armenia, were subjected to severe persecution and brutal injustice by the rulers of the Ottoman Empire before and after the turn of the 20th century, including widespread massacres, theft of land and property, and acts of immoral destruction during the period from 1894 to 1896, and again in 1909; and

2) WHEREAS: The horrible experience of the Armenians at the hands of their oppressors culminated in 1915 in what is known by historians as the "First Genocide of the Twentieth Century," and as the prototype of modern-day mass killing; and

3) WHEREAS: The Armenian Genocide began with the arrest, exile, and murder of hundreds of Armenian intellectuals, and political, religious, and business leaders, starting on April 24, 1915; and
4) WHEREAS: The regime then in control of the empire, known as the "Young Turks," planned and executed the unspeakable atrocities committed against the Armenian people from 1915 through 1923, which included the torture, starvation, and extermination of 1,500,000 Armenians; and

5) WHEREAS: Adolph Hitler, in persuading his army commanders on the eve of World War II that the merciless persecution and killing of Poles, Jews, and other peoples would bring no retribution, declared, "Who, after all, speaks today of the annihilation of the Armenians"; and

6) WHEREAS: The Republic of Turkey has adamantly denied the occurrence of the Armenian Genocide, and has continuously lobbied other countries from officially recognizing the Armenian Genocide; and

7) WHEREAS: Nations that have officially recognized the Armenian Genocide have been subjected to retaliation and condemnation by Turkey; and

8) WHEREAS: There have been concerted efforts to revise history through the dissemination of propaganda suggesting that Armenians were responsible for their fate and by the funding of programs at American educational institutions for the purpose of rewriting histological facts; and

9) WHEREAS: By honoring the survivors and consistently remembering and forcefully condemning the atrocities committed against the Armenian people as well as the persecution of the Assyrian and Greek populations of the Ottoman Empire, we guard against repetition of the crime of genocide; and

KLOTZ STUDENT HEALTH CENTER FEE RESOLUTION

SENATE BILL: 04-05-06
DATE: April 6, 2005
AUTHORED BY: Sylva Kouzouian
Diana Medina
REFERED TO: University Affairs Committee
SENATE ACTION: Approved, April 12, 2005

(The University Affairs Committee recommends that Associated Students, Incorporated Supports the Klotz Student Health Center fee increase.)

Due to cuts in the CSU System budgets, universities have had to cut services provided to students to compensate for their lack of funds. As a result, the Klotz Student Health Center has been directly affected. In order maintain the services currently offered to the CSUN student population, the Klotz Student Health Center has proposed a fee referendum that will be voted on in the Spring 2005 AS elections.

1) WHEREAS: The current student fee only provides approximately $1.9 million of the $3.1 million dollar Student Health Center (SHC) budget. Due to the state budget crisis, state funds of $1.1 million dollars, which used to subsidize student health and services, will no longer be available starting in 2005-2006; and

2) WHEREAS: $1.1 million dollars is 35\% of the SHC budget. Without this funding, services at the SHC will eventually be cut up to 35\%. The SHC currently sees over 300 students daily per fall/spring semester and over 40,000 visits a year. Therefore, 14,000 visits each year will be cut; and

3) WHEREAS: The current student fee at CSUN is $30 dollars making it the third lowest in the entire CSU system and less than half of the average CSU health fee. Many CSU health fees are well over $100 dollars per semester; and

4) WHEREAS: SHC fees have remained at the current amount of $30 since 1993. Therefore, the SHC has not requested a fee increase in over 10 years.

5) WHEREAS: If passed, this increase would allow the SHC to continue to maintain the current health services and to provide essential health and education services to students free of charge. It will
also allow the addition of a full time nurse practitioner to expand primary care, urgent care, and women’s health services; and

6) WHEREAS: If the increase is not passed, student health and education services will face a 35% shortfall in funding, leading to significant cutbacks both short term and long term in services currently provided by doctors, nurse practitioners, nurses, specialty care (i.e.: dermatology, orthopedics, optometry, nutrition, physical therapy, gynecology, dentistry, men’s health, laboratory and x-ray services, and over the counter prescription pharmacy services). Students will need to seek medical care outside the SHC at their own cost; and

7) WHEREAS: Students may forego health care services beyond the University due to costs, increasing the risk of spread of untreated or preventable communicable diseases on campus; and

8) WHEREAS: The inflationary adjustment proposed will increase the fee annually, $1 dollar/semester each academic year, to accommodate inflation and continue to maintain health services; therefore, let it be

1) RESOLVED: That this increase would terminate at the end of 2015-2016 and the fee would continue at $60/semester unless the inflation adjustment increase is continued by student voter approval through a future referendum; and let it be further

2) RESOLVED: That this increase will only be used to fund health and health education services at the SHC and will replace funds that were formerly provided by the State General Fund; and let it be further

3) RESOLVED: That if passed, the programs and services currently provided by the SHC will not be reduced due to lack of funds; and let it be further

4) RESOLVED: That copies of this resolution will be sent to the following:
CSUN, University President

2) WHEREAS: The Associated Students, Inc. is the primary advocate for students at California State University, Northridge and provides excellent, meaningful programs and services designed to create and enhance a spirited, learning-focused campus environment; and

3) WHEREAS: The California State University Northridge’ values states that “In order to guarantee equal human rights for the student body, the organization declares equal opportunities shall be afforded to all students without regard to race, color, religion,…nationality;” and
4) WHEREAS: California State University Northridge’ mission states that the University believes in “Respect for All People;” and

5) WHEREAS: The Armenian people, living in their 3,000 year historic homeland in Armenia, were subjected to severe persecution and brutal injustice by the rulers of the Ottoman Empire before and after the turn of the 20th century, including widespread massacres, theft of land and property, and acts of immoral destruction during the period from 1894 to 1896, and again in 1909; and

6) WHEREAS: The horrible experience of the Armenians at the hands of their oppressors culminated in 1915 in what is known by historians as the "First Genocide of the Twentieth Century," and as the prototype of modern-day mass killing; and

7) WHEREAS: The Armenian Genocide began with the arrest, exile, and murder of hundreds of Armenian intellectual, political, religious, and business leaders starting on April 24, 1915; and

I am confident that the whole history of the human race contains no such horrible episode as this. The great massacres and persecutions of the past seem almost insignificant when compared to the sufferings of the Armenian race in 1915. The killing of the Armenian people was accompanied by the systematic destruction of churches, schools, libraries, treasures of art, and cultural monuments in an attempt to eliminate all traces of a noble civilization with a history of more than 3,000 years"; and

10) WHEREAS: The Merriam Webster Dictionary definition of Genocide is “The deliberate and systematic destruction of a racial, political, or cultural group,” and

11) WHEREAS: Adolph Hitler, in persuading his army commanders on the eve of World War II that the merciless persecution and killing of Poles, Jews, and other people would bring no retribution, declared, “Who, after all, speaks today of the annihilation of the Armenians”, and

12) WHEREAS: The Republic of Turkey has adamantly denied the occurrence of the Armenian Genocide, and has continuously lobbied other countries from officially recognizing the Armenian Genocide; and
13) WHEREAS: By honoring the survivors and consistently remembering and forcefully condemning the atrocities committed against the Armenian people, we will guard against the repetition of the crime of genocide which has been repeated in such instances as The Holocaust, Cambodia, Bosnia, Rwanda, and Darfur; and

14) WHEREAS: The State of California along with 41 other states, The Los Angeles City Council along with numerous other cities across California, the Associated Students of the University, Los Angeles, and the Associated Students of California State University, Los Angeles, have passed resolutions recognizing the Armenian Genocide; and
