

CSUN constituents use a wide variety of web browsers to access CSUN websites.

The CSUN Portal and SOLAR (CMS) tools support certain web browsers. Browsers older than the officially supported releases have known issues and should not be used for optimal performance and compatibility with SOLAR, Portal, and Web-One.

CSUN recommends that CSUN constituents **use IE8 or later versions** and **Safari 5 or later versions**.

Despite not being officially supported, the latest releases of Chrome or Firefox do not appear to impact SOLAR applications.

*Figure 2: Supported Web Browsers for SOLAR/Portal and Web-One, as of 06/20/2013*

<b>Browser</b>	<b>SOLAR/Portal</b>	<b>Web-One</b>
IE 7	X	
IE 8	X	X
IE 9	X	X
IE 10	X	X
Firefox 3.6	X	
Firefox 7	X	
Firefox 14		X
Safari 3	X	
Safari 4	X	
Safari 5	X	X
Chrome 13	X	X
Chrome 22		X
