

Want to CHANGE YOUR MAJOR to Health Sciences?

The first question you should ask yourself, which area of Health Sciences are you interested in? It's always best to review our website first <http://www.csun.edu/health-human-development/health-sciences>. Once you have an idea, sit down with an advisor, in the area of interest to go over the details of the major. See below for the instructions on how to change your major.

To Health Administration:

1. Obtain and fill out a Change of Major form either in our Department Office (JD 2500) or online at <http://www.csun.edu/sites/default/files/chngmajor.pdf>
2. If you haven't already met with an advisor, get advisement from a Health Administration advisor (call 818-677-4081, ask who your advisor would be if you changed your major to Health Administration).
3. Complete advisement with Gretta Madjzoob (Office: JD2552, use the sign-up sheet on her door to make an appointment).
4. Change your major online through your CSUN portal.

To Public Health:

1. Obtain and fill out a Change of Major form either in our Department Office (JD 2500) or online at <http://www.csun.edu/sites/default/files/chngmajor.pdf>
2. If you haven't already met with an advisor, get advisement from Gretta Madjzoob (Office: JD2552, use the sign-up sheet on her door to make an appointment).
3. Change your major online through your CSUN portal.

To Radiologic Sciences:

1. Obtain and fill out a Change of Major form either in our Department Office (JD 2500) or online at <http://www.csun.edu/sites/default/files/chngmajor.pdf>
2. If you haven't already met with an advisor, get advisement from a Radiologic Sciences advisor (call 818-677-4081 to schedule an appointment).
3. Change your major online through your CSUN portal
