

MOVE OUT OF MOODLE

TO CANVAS!

CSUN Faculty:

It's now time to reassemble your Moodle courses in Canvas. By Spring 2018, Canvas will be CSUN's *exclusive* virtual learning environment.**

Moving is never easy, so let us lend a hand! All of us at the Faculty Technology Center and Canvas are standing by to help you get up and running.

Take advantage of these support options. →

All courses from 2016 and 2017 will be automatically migrated from Moodle to Canvas following the semester they are taught. If you want any earlier courses converted, please email ftc@csun.edu by December 31, 2017 before they are removed.

Fall 2017 is the last semester to teach with Moodle. Need assistance with your move to Canvas?
