Executive Order 665 Remediation Policy & EPC Rule - *(Effective Fall 1997)*

The new Enrollment Policy states that all First Time Freshmen must complete GE Basic Skills requirements by the time they reach **60 units**. I have been informed and understand that all developmental courses that I am required to complete based on my ELM and/or EPT scores must be successfully completed at CSUN within one calendar year or my eligibility to enroll will be in jeopardy. Also, I understand that I am required to maintain enrollment in the appropriate math and written composition courses beginning with my first semester without break, until I have completed GE Mathematics and GE Analytical Reading & Expository Writing (including Oral Communication & Critical Thinking – basically, all courses under Basic Skills GE Section).
