

**RESOLUTION IN SUPPORT OF THE CREATION OF A CAMPUS CONNECTIONS COMMITTEE FOR
THE VALLEY PERFORMING ARTS CENTER**

(Approved by the Faculty Senate, November 21, 2013)

The Faculty Senate of California State University, Northridge enthusiastically supports the creation of a Valley Performing Arts Center Campus Connections Committee designed to help improve the communication, outreach and involvement of the campus community in Center activities. In order to gain as many diverse ideas and perspectives as possible, we suggest the committee membership allow representation from all interested campus colleges, CSUN staff, Associated Students, the Association of Retired Faculty, the CSUN Alumni Association and additional local public and private organizations. Members should have an interest in the performing arts and the desire to make the Center a true partner in the entertainment and education of everyone on campus and in the community.

Passed by the Senate Executive Committee, via email vote on November 18, 2013, to go forward to the Faculty Senate.
