5. **Policy Item** – Personnel, Planning and Review Committee  
Sean Murray, Chair of PP&R; Daisy Lemus, Faculty Affairs

**Action Item - Section 622.6.2 (Appointment and Evaluation of Department Chairs)**

Murray and Lemus reported that the PP&R made some changes to the policy as recommended by SEC. It was mentioned that the purpose of the proposed policy change is to help clarify responsibilities and rights when appointing Department Chairs. The goal is to make sure that faculty have a part in the nomination process.

The SEC suggested the following:

*622.6.2.b Nomination of Candidates*

SEC members requested clarity concerning the language of section 622.6.2.b *Nomination of Candidates*. There was a request to add the word “member” to indicate that any tenure track faculty member can make a nomination of a candidate.

*622.6.2.c Departmental Advisory Vote and Certification*

It was suggested that there needs to be more clarification in the language describing the number of votes received by each candidate. An SEC member suggested to replace the first sentence with “the Department Search and Screen Committee shall conduct an advisory vote to allow the Department’s tenure track faculty to indicate their preferences for Department Chair”. There was also a request to update the second sentence to read “the Department Search and Screen Committee shall tabulate and advance the number of votes received by each candidate, on the advisory ballot, along with the certification of the process, to the Dean of the College”.

*622.6.2.d Responsibilities of the College Dean*

SEC members requested to revise the first sentence to read “the Dean shall provide opportunities for full-time faculty in the department to have conferences with the Dean concerning the selection of a new chair. There was also a request to add “after these conferences” to the second sentence, replace vote results with “the results” and to end the sentence with “department’s advisory vote”.

Murray and Lemus conveyed that they would share the recommendations with PP&R. There was also a brief discussion about the implementation process of the policy.
