Following her report, President Harrison responded to questions. A few Senators inquired about fall instruction being online, when the decision would be made and how soon it would be announced. It was mentioned that faculty including lecturers were concerned. President Harrison said that a decision has not been made yet, and the campus presidents are meeting daily with the Chancellor to discuss the logistics. Every campus is different. Safety is a priority. We should hear something by May 15 or shortly thereafter. Another Senator inquired about Cares money for DACA students. President Harrison said that DACA students can apply for funding from the MataCare Emergency Grant. The MataCare Grant is separate from the Cares Act. A Senator inquired about the status of the hiring search for the new president and chancellor. The search for the president will resume in the fall. The search for the new chancellor will resume in the summer or fall. A Senator inquired about best practices for online teaching. President Harrison shared that there have been many campus trainings that many faculty have participated in and she encouraged faculty to have conversations within their colleges. President Harrison encouraged faculty to attend trainings and to review the WCET website: <https://wcet.wiche.edu>. Another Senator inquired about how students were receiving information about applying for the CARES Grant. President Harrison said that an email will go out to students on Friday. A Senator also inquired about impaction and student enrollment and President Harrison referred the question to Dr. William Watkins, since she had to leave to another meeting. #### Action Item- [Section 635.2.2 \(Receipt of Evaluation Letters\)](#)

Schmidt-Levy said that there has not been any changes since the last time this policy came to the Senate. This policy change will clarify the start of the 10-day clock for the receipt of evaluation letters. Schmidt-Levy shared the the 10-day time period is contractually agreed upon and is a part of the Collective Bargaining Agreement. Extensions have been granted in emergency circumstances.

There was no feedback on this policy item.

Unfortunately, the meeting was Zoom bombed. Faculty President ended the Zoom meeting. A new meeting link was shared with Senators and the meeting restarted.

**MSP:** To approve the policy with no changes.

#### First Reading- [Section 612.3 \(Service on Personnel, Planning and Review Committee\)](#)

Faculty President Stein explained that this policy should be a first reading. SEC sent the policy back to the Personnel, Planning and Review (PP&R) Committee with a request for minor modifications. Schmidt-Levy said that PP&R has simplified the policy. This policy is a change to service on the Personnel, Planning and Review Committee. With this policy change, after serving on PP&R for two consecutive terms, a faculty member will have the option of declining service on PP&R.

A Senator inquired if a faculty member declining service applies to their remaining time at CSUN. Schmidt-Levy said that it is a good question and it can be clarified if it gets raised in the future. Faculty President Stein shared that it applies to consecutive terms. The Senate discussed nominations, declining nominations, the obligation to stand for nomination in section 600 and personnel committees. A Senator inquired about adding language to the policy recommendation stating that a department should seek out permission from their faculty before making the nomination. Schmidt-Levy said that it

would helpful if colleges and departments had clearer language in their policies. A Senate member said that an option to decline should be given for all personnel committees and that there should be a policy within a college that an election cannot be held if the faculty member is not present.

**5. Information Item – 2020-21 AY Calendar of Personnel Procedures**  
[Section 600 Calendar](#) and [Section 700 Calendar](#)
