

World War I Staff Ride

Dr. Stephen Bourque went on the road again this summer with “War and Remembrance: A Journey Through the Great War,” a staff ride with thirty-five students that started in Belgium following the German invasion. They then moved to the British experience at Mons, Ypres, the Somme and Vimy Ridge, and on to the French experience at Verdun and Chemin des Dames. The ride concluded with the American participation at Catigny/Belleau Wood, Soissons, and the Meuse Argonne. During academic year 2004–2005, Professor Bourque will offer a series of courses focused on the French Revolution of 1789 including a two week summer course conducted in and around Paris, France. Students will discuss the events of the Revolution on the actual location where the events took place.
