Tutoring Resources

Please follow these links for information on the various tutoring resources available on campus. Most tutoring is available on a walk in basis, however please call ahead if you are unsure based on the information on their page. If you are struggling in a subject not listed please contact your advisor so that we can look into additional resources for you. We strongly believe with enough support all students can pass the classes they have been place into. Don’t give up!

- Developmental Math (Math 92, Math 93)

- Freshman Tutor Lab (Writing in 113, 114, 115, and Univ 100)

- SMART Lab (Science, Math, and Related Topics)

- Grammar Lab

- Nazarian College of Business and Economics
