

University policy requires students to take the Upper Division Writing Proficiency Exam (UDWPE) no later than the semester in which 75 units are completed. Students will be prevented from registering for classes in the semester following that in which 75 units were completed until the WPE has been attempted.

To appeal this policy, you must include a narrative that explains why you were unable to meet this requirement. Attach any materials that document your circumstances.

NOTE: If your appeal is approved, you will be required to register for and take the WPE at the next available offering before your next registration appointment. Visit www.csun.edu/testing/upper/ for test dates.

Appeals may be submitted immediately and will be acted upon in the order in which they are received.
