Slope Comparisons 1   Name _____
What is similar and what is different between each set of graphs?
A

What's the <u>same</u> between A and B?

What's the <u>same</u> between A and C?

What's *different* between A and C?

B

What's *different* between A and B?
What's the <u>same</u> between B and D?

What's *different* between B and D?

**C**

What's the <u>same</u> between C and D?

D

What's *different* between C and D?

Slope Comparisons 2   **Name** _____

What is similar and what is different between each set of graphs?
A

What's the <u>same</u> between A and B?

What's the <u>same</u> between A and C?

What's *different* between A and C?

B

What's *different* between A and B?
What's the <u>same</u> between B and D?

What's *different* between B and D?
C

What's the <u>same</u> between C and D?

D

What's *different* between C and D?

Slope Comparisons 3   Name _____

What is similar and what is different between each set of graphs?
A

What's the <u>same</u> between A and B?

What's the <u>same</u> between A and C?

What's *different* between A and C?
B

What's *different* between A and B?

What's the <u>same</u> between B and D?

What's *different* between B and D?

C

What's the <u>same</u> between C and D?

D

What's *different* between C and D?

Slope Comparisons 4   **Name _____**

What is similar and what is different between each set of graphs?

A

B

What's the <u>same</u> between A and B?

What's the <u>same</u> between A and C?

What's *different* between A and C?

What's *different* between A and B?

What's the <u>same</u> between B and D?

What's *different* between B and D?

C

D

What's the <u>same</u> between C and D?

What's *different* between C and D?
